1978 CAMPUS

Kiski Area Senior High

Vandergrift, Pa.

Hail to thee, O Kiski High we
pledge allegiance true.
May your colors be remembered,
gold, the white and navy
blue.

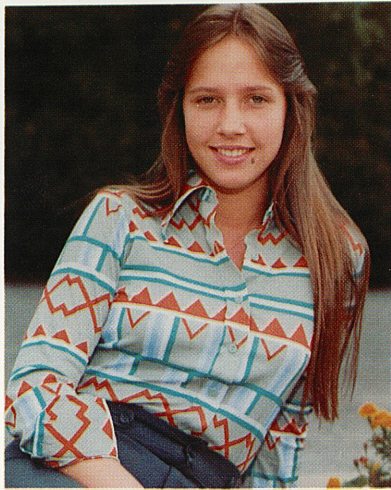

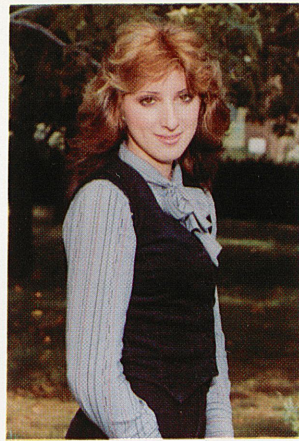

As the students of this high school we will always sing thy praise.
Loud and clearly hear our voices telling of our high school days.

HOMECOMING

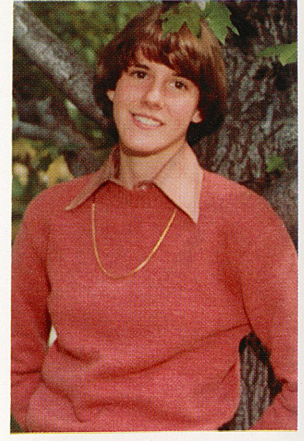

Amy Shoupe

Rose Cane

Gina McCutcheon

Laura Penrose

1977 HOMECOMING
QUEEN, AMY SHOUPPE, WAS
CROWNED AT DAVIS FIELD
ON SEPTEMBER 30.

Mary Ellen Munko

Alisa DelPrete

Mary Schimizzi

Pages six and
seven were
paid for by
the senior
class.

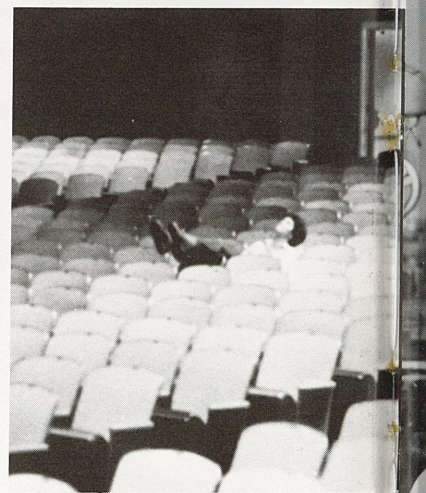

Jane Blanciak

SENIOR CLASS OFFICERS

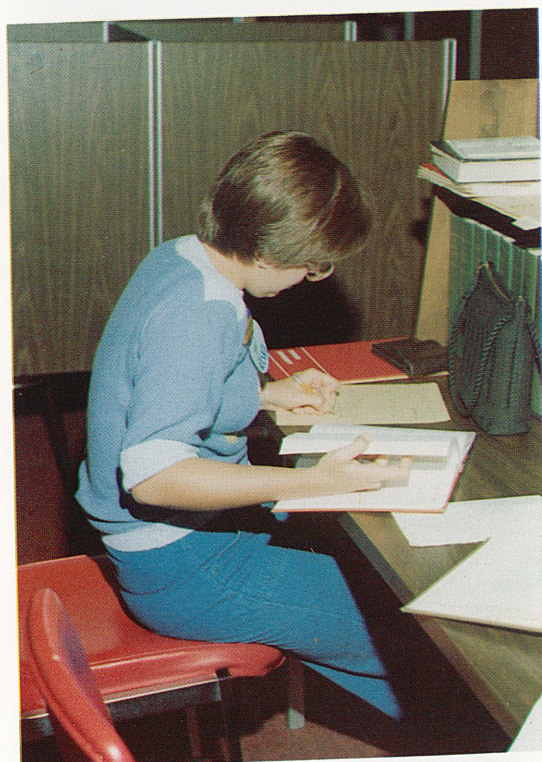

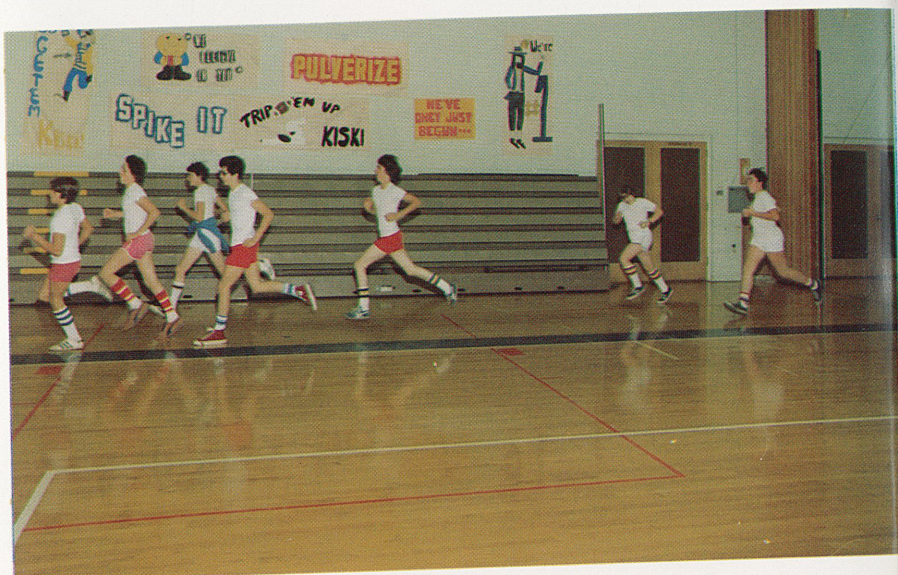

As the graduating class we promise to uphold
All the standards and ideals, that we'll never let grow old.

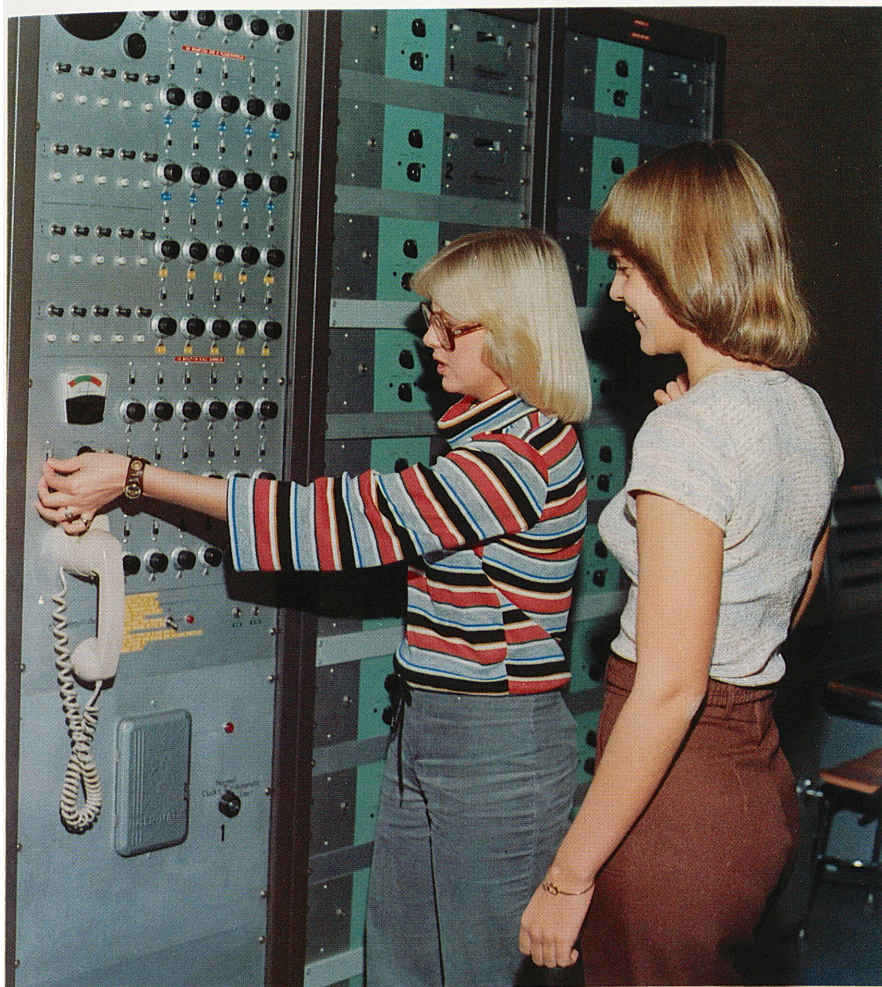

John Conto, Secretary; Sam Siebert, President; Amy Shoupe, Treasurer; Kim Costanza, Vice President.

Time has come for us to leave
now, loving sadness fills
our hearts.
Slowly now we turn away, sad
but proudly we depart.

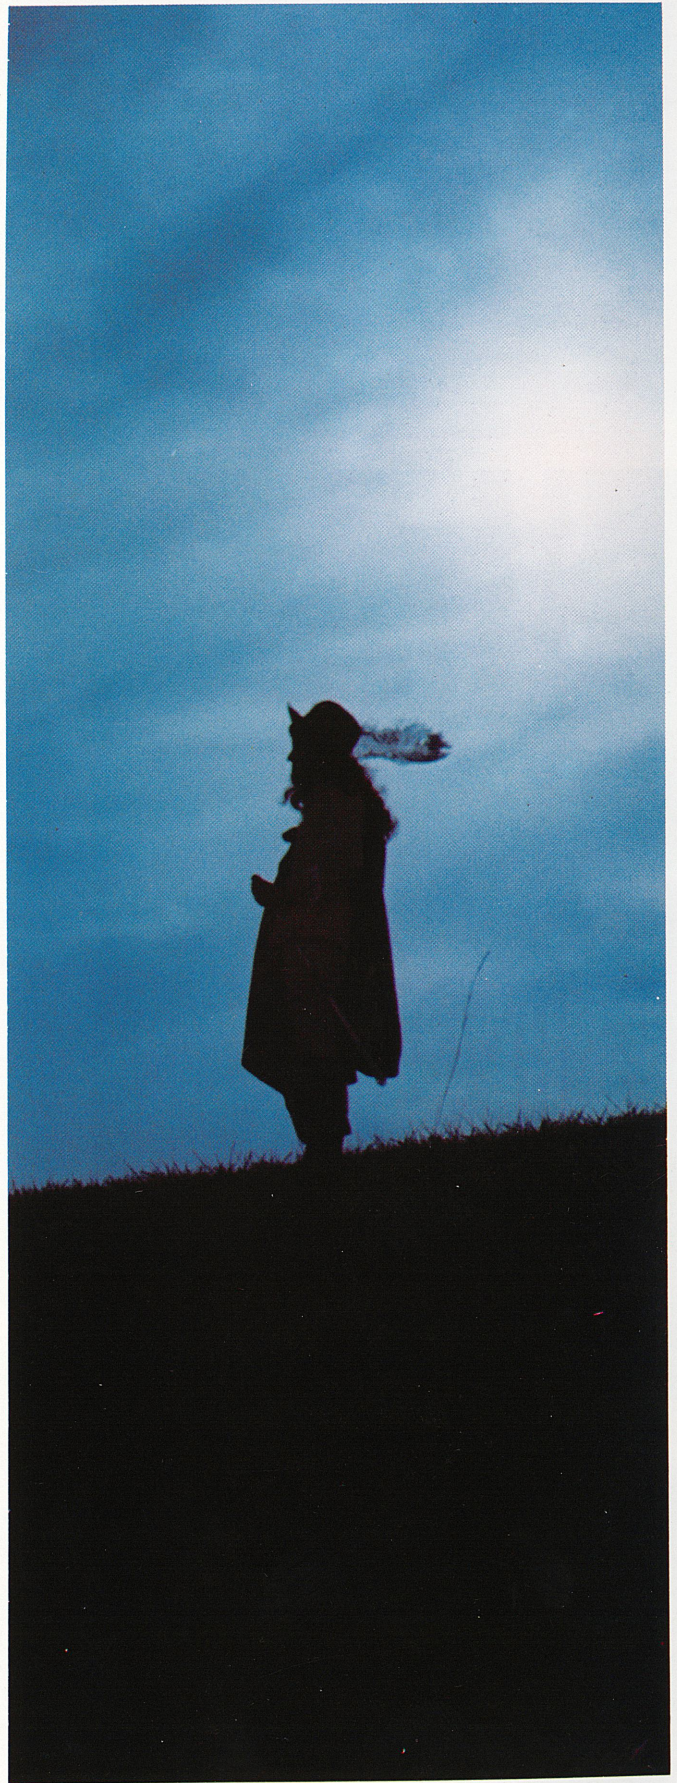

Thru thy friendly halls we pass, thinking
not of what's to be,
Knowing not in years to follow, many
thoughts will turn to thee.

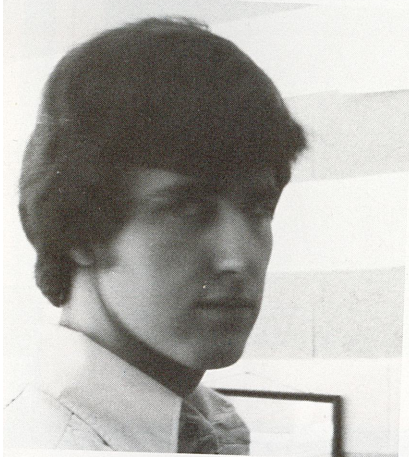

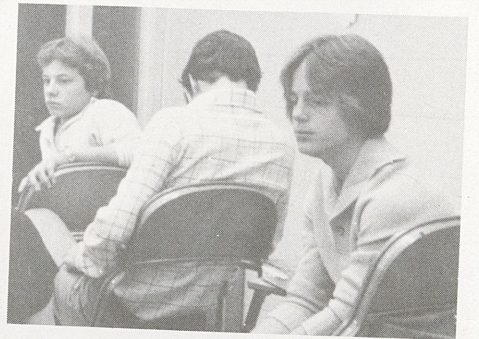

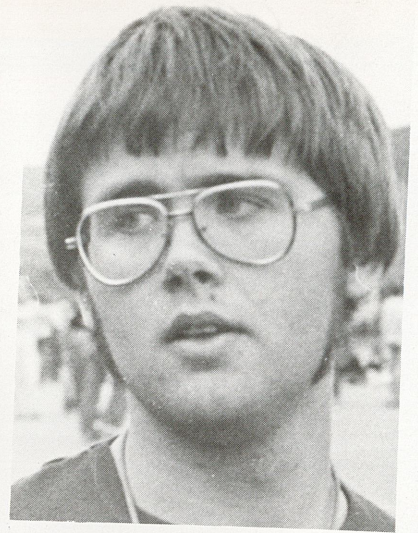

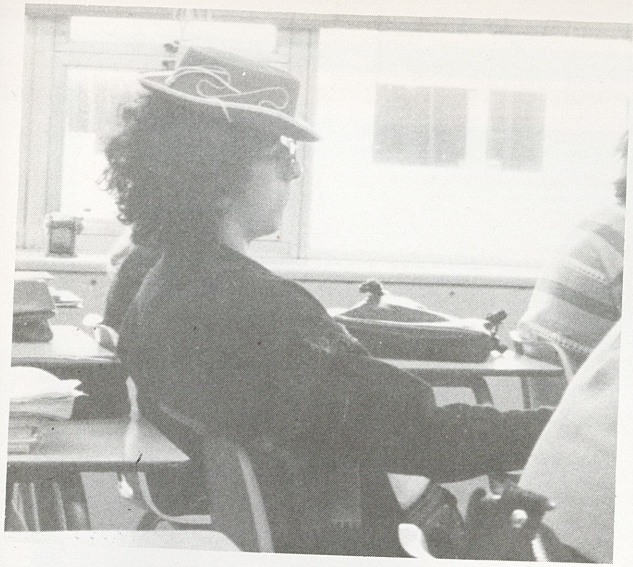

In thy buildings memories linger, happy
thoughts of days gone by,
Days we'd like to live all over, days at
dear old Kiski High.

Quotations on pages two through fifteen are from
the Kiski Area "Alma Mater."

Relaxation at last.

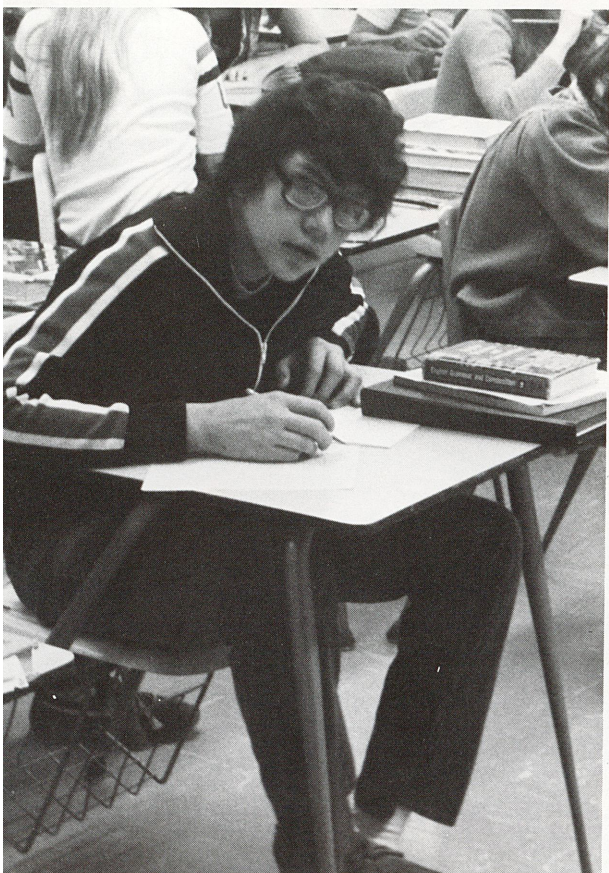

"I wish I knew the combination."

"What do you think you're doing?"

"I'm on candid camera."

If you ask me

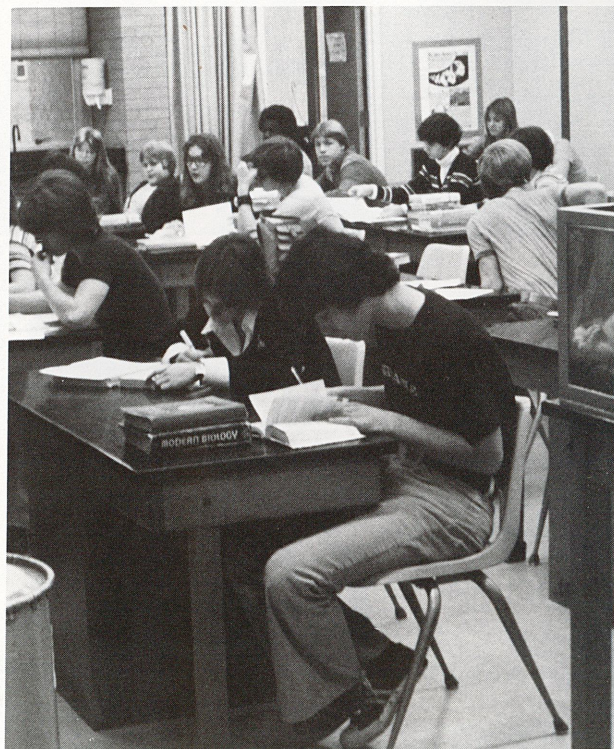

A million miles from school.

Discussing tonight's plans.

Enough is enough.

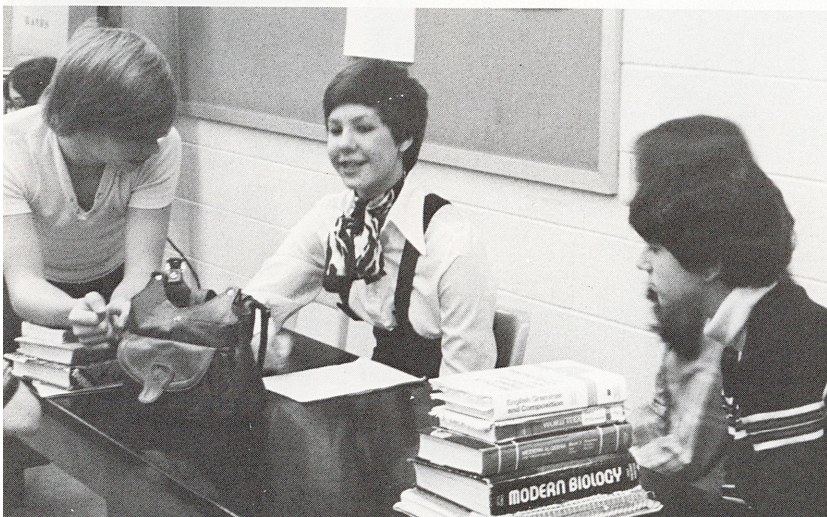

Homework again!

Hard at work?

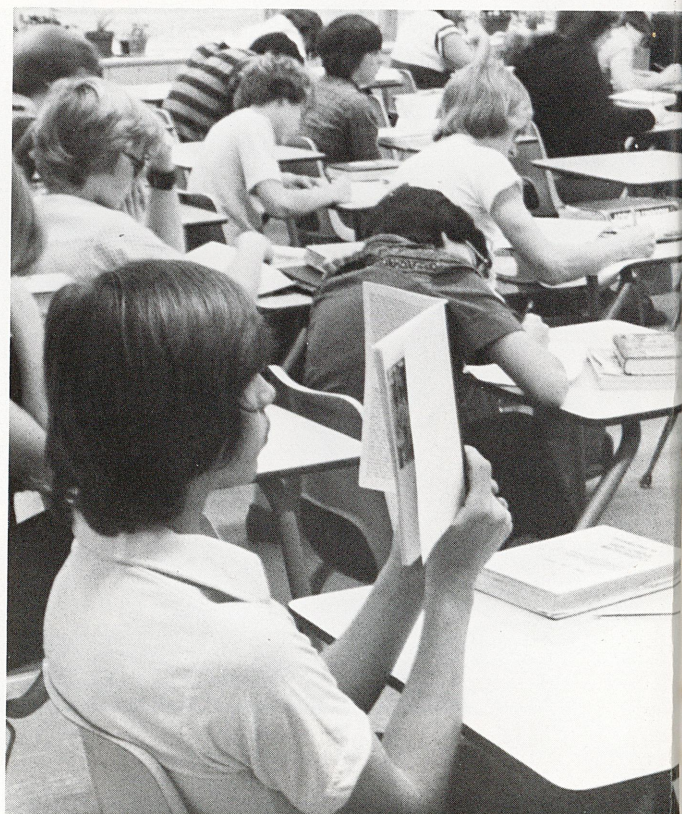

Searching for the right answer.

Talking over the day's events.

Taking notes and notes and notes . . .

Studying hard?

SPORTS

LI-ENG LEE

BOYS' BASKETBALL

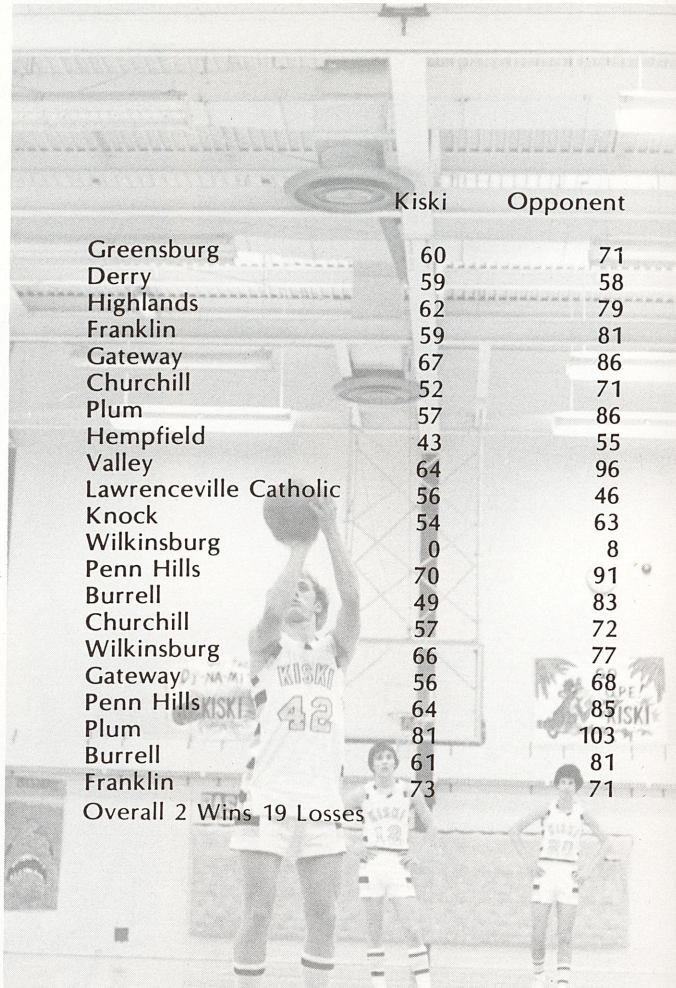

At the beginning of the year, we realized we had a lot of work to do. For one thing, we had some talented senior players, but we had to be really something if we were to match up with the 6'6" and 6'7" giants of the other teams. So we started with the practices. We worked out every night after school, Saturdays, and even during the holiday vacations. We practiced drills, had scrimmages, and ran millions of laps to get into shape for the season. We were so used to getting blisters that we didn't even notice them.

We had our own original nicknames for each other such as "Jo Jo" Ambrose, "Idiot" Marsh, "Giggy" Gibson, "Mac" McDermott, "Unc" Uncapher, and a few other "unmentionables". Only the members of the basketball team know who we mean when we yell: "Good shot, Hawk!"

Mr. Derlink and Mr. Pipkins, our coaches, have never let us down. All of us will remember the three days at the coaches' camp in the mountains at the end of summer. During the season, we got to know them almost as much as we got to know each other.

What was our best game? That's easy . . . Wilkinsburg at home. Their guys were an average of four inches taller than our team members. We knew we would lose if we didn't think of some clever strategy, so we practiced our passes and "droze" the ball the entire game. The outcome was 8-0, and though Wilkinsburg won, they should have had a much higher score. We made the front page in the papers the next day!

Lots of people ask us what we get out of basketball, and here is our answer: we get coordination, memories, and a feeling of togetherness that comes from sharing all the things a team has to share. We think it's well worth the effort!

This year we started with an energetic team and for the first time, we had male coaches. As a result, the practices got harder, the pep talks were louder, and, finally, the games became much better.

We adjusted quickly to our new coaches and began to have some fun. Our long bus rides seemed more "together" when Coach Senopole would sit in the back and rap with the gals. Sometimes we had a bus with no heat and crowding together in the front of the bus brought us closer together as friends and teammates.

When the great KA pride hit us, the crowd knew it. We played our theme song and had everyone clapping and stomping to the beat. When the game started most of the silliness subsided and we got down to business. If we lost a game, we had our lecture, but after that there was no thought of the loss of that game. We concentrated on doing better in the next.

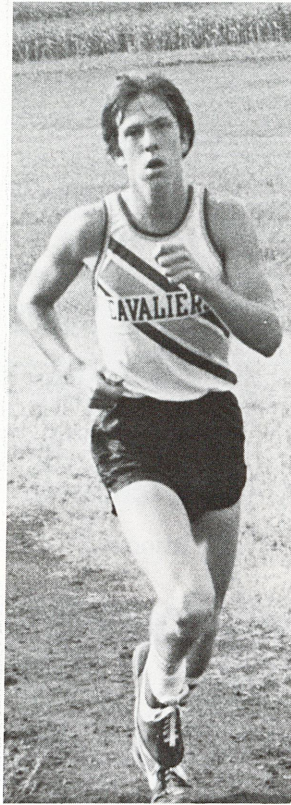

All in all, our team worked, had fun, and played together, with all the thanks to our great coaches — Mr. Senopole and Mr. Wicks.

CROSS COUNTRY

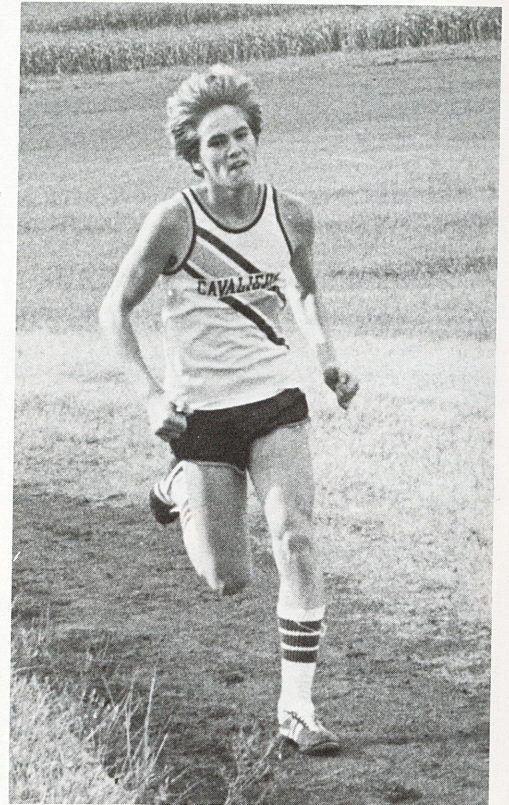

What sport could survive long if all it involved was running three miles in any kind of weather, up and down hills, "over the river and through the woods," etc.? And how many people at Kiski would participate in such a sport? Plenty. Eighteen to be exact. That's how many students are on the Kiski Area Cross Country team.

Although our record is only 5 and 8, and the meets are tough, Coach Hauser and our manager, [unclear], will help us cope with everything. They even help us through the occasional disorientation ("Where's the tunnel?"), or defending our honor in an apple war. In addition, the "King of Comedy" keeps us laughing constantly.

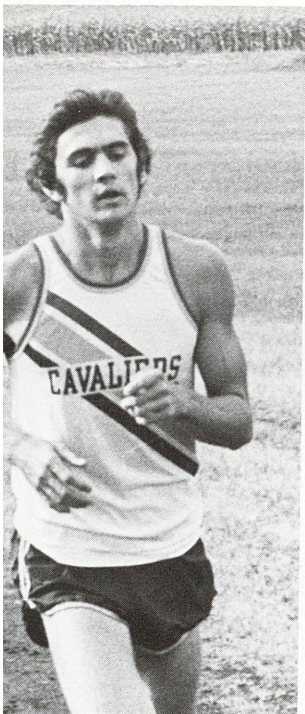

The cross country team probably works as hard as any other team at Kiski, but we don't mind. After all, in a meet, three miles is a long, long way to run.

Endurance of pain

Will it ever end?

"I'll give you one of THESE" Now, if a 6'2", 220-pound "jock" confronted you with that statement, what thoughts would come to your mind? This was only one of the famous "quotes" established by the Big K Cavalier football players this season. After a rather slow start, the Big K Superstars proved once again that "nobody messes with the Big K Machine."

Winning is a combination of many different ingredients: practice, strategy, hard work, and, most of all, teamwork. To the pep band, the marching band, the cheerleaders, and the many fans who stood in the bleachers and cheered till their throats were sore, the season was a success. But more important than this, all these "ingredients" combined to generate emotions and memorable times that the members of the Kiski Cavalier Football Team of 1978 will never forget.

 Playoffs: 4 Wins 1 Loss

Greg demonstrates the fine art of having a perfect form.

This was a great season for our golf team. We won our first section title in twelve years and we finished second place in the WPIAL. The main force keeping us on the road to victory and success was Coach Ves. He always kept us loose on road trips by complaining about the radio and KDKA. Also, with such dignitaries as "Padre" Giotto and "Lips" Momberger gracing our courses, how could we lose?!

There were also many individual accomplishments. Anthony Giotto, our own Arnold Palmer, shot a sixty-eight at the Hillcrest Country Club, which set a new school record.

Although we'll be losing many senior players, next year's golf team looks very promising. Just wait until next year. Fore!!

GYMNASTICS

To be gymnasts, we had to get used to a completely different world. It's a world of parallel bars, high bars, side horses, still rings, horizontal bars, and mats. Through it all we managed to keep our heads, even though at times we seemed to be defying gravity.

To become a fine gymnast takes muscle control and concentration. With the great coaching of Mr. Answine and Mr. Cernicky, we became a fine bunch of athletes.

We had a good season and plan to come back stronger than ever next year. (Right, Tred?) Even though we will be losing many seniors such as Chiatello, Haugh, and Laero, we promise to once again be a great team, showing a visible meaning of Kiski pride.

"A fish is an animal that swims in a brook." Well, not exactly. Here at Kiski, the "fish" swim in the pool. We are known as the Swim Team, and after swimming over three miles a night, we are at least half fish.

If one half is fish, the other half is mouth and stomach. Swimmers are notorious for their appetites, and the quantity of junk food that we put away after practices is nothing short of amazing.

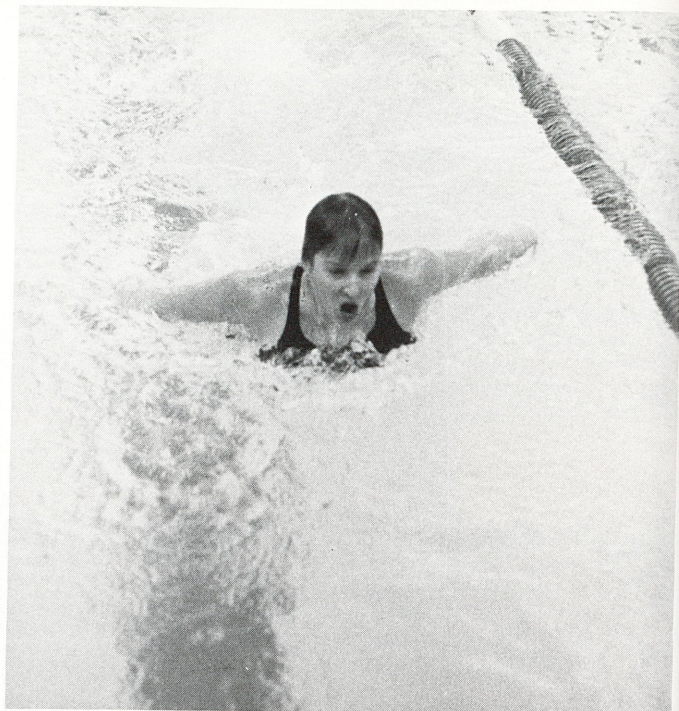

We finished the season with a 3-3 section record in spite of numerous pulled muscles and the shoulders that earned "Sore" Jensen his nickname. We also placed second in the medley relay at the county meet.

Although competitive swimming is hard work, we get plenty of encouragement from our coach Mr. Duppsstadt, and his assistant, Mr. Nicholas. We always strive to do our best for the school, for the team, and for ourselves.

"Look out, fishy, here I come!"

Practice, practice, and more practice!

Although we had problems with bumps, bruises, and spiders, we still practiced long and hard, making it all worthwhile. Lori broke a lot of records, and the ninth graders were a big help, too. Toni was a great captain, running practice smoothly when she had to, and Mrs. Answine and Miss Michaels were terrific coaches. It was a good season, with a 6 and 4 record, and, best of all, it ended on a winning note.

Coach Herbeck with managers Laura Copney and Debra Long.

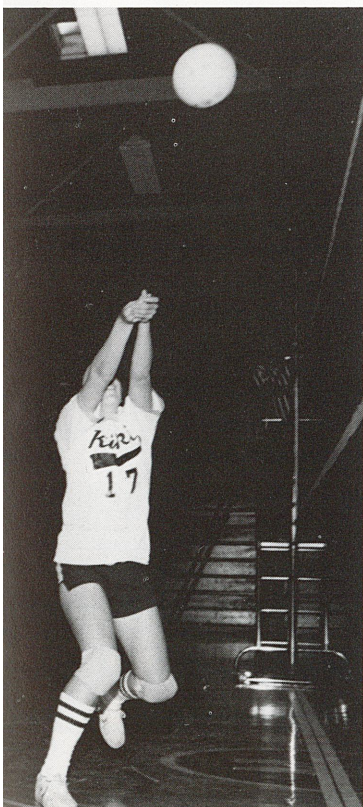

We really had a terrific season this year, and we ended up as section champs. But our proudest moment came when we were named runner-up in the WPIAL competition out of ninety teams! It took hours of hard practice, but the good times we had made up for it all. We will never forget the Travel-all rides to Norwin or the all-day tournaments. Most of all, next year we will miss the three special seniors who took care of the underclassmen and got us through the year as winners.

WRESTLING

Everyone could tell when we started wrestling practice We were the ones who inched our way to classes aching with pain after that first night of practice. We were the ones whose stomachs growled in study hall as we explained, "Wrestlers have to keep their weight down." We were the ones who, after all the hours of hard work, wrestled our way to fame! Well, maybe not to fame but at least to the Westmoreland County Coaches Association Wrestling Tournament where Joel Rayburg and Doug Lamison achieved second place finishes.

But hard work wasn't all that we encountered. How could anyone expect us to be serious all the time, especially with nicknames such as the "Rats," the "Deadly Wire," and "Ever-ready reddie?" But when we did get serious, we proved that we could really get tough, like the time we beat Kittanning 26-23.

Although we did not always end up on top, our education made us better wrestlers.

are at last! We are the people who produced the CAMPUS and here is our treasured masterpiece!

I don't believe that all the work is actually finished. Also, even when we realize, is all that we've learned about "yearbooking" this year. For all, most of us had never done anything like this before and we only didn't know what we were in for when we began in the fall!

We realized that the S.A.R. (Student Activity Room) was going to be our second home, since staying after school until 6 every day, and on occasional Saturdays started to become habit-forming. Some of us got to the point of insanity where we "looked" for something to do during slow times (which were few) — just so we could "pass the time" in the S.A.R. later.

For example, we rarely had to look very hard for work. We of the layout staff, under the direction of Michelle, our conscientious chief editor, to constantly put our work by assigning layout after layout to be done. And, of course, after a page was supposedly completed, we always had the feeling of doing it all over again to look forward to.

For us on the literary staff were kept busy, too, by Carol, who assigned articles for us to write. It was no easy matter to write all the time needed to make each of our 5 deadlines on time.

For example, there wouldn't have been captions to write without the photos taken by our roving photographers, Kevin and John. And the Kiski teachers and students were probably more than these two staffers than with anyone else this year.

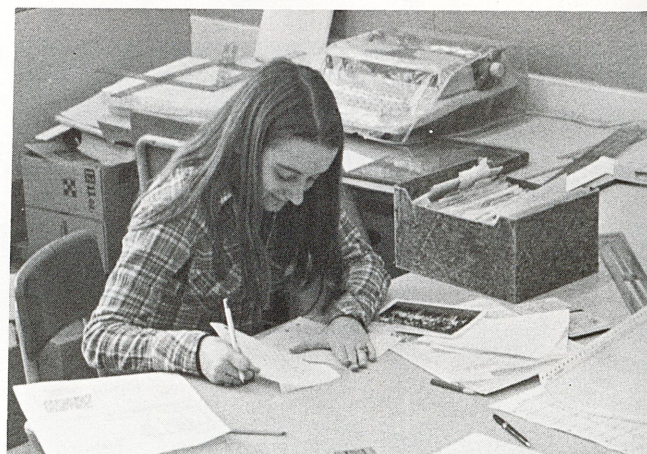

Everything submitted for publication had to be typed, Lori, and Nicki were indispensable. Of course, in a pinch, almost anyone could punch out a few lines with two fingers, but these were the people whom we knew we could always depend on to get the job right.

We had SOME YEAR. Despite school delays and cancellations, a city shortage, headaches, other activities, homework, long hours, and "trial and error" methods at times, we produced a yearbook. However, thanks to Miss Schwetz, we can be proud of our accomplishment and, in fact, are so "hooked on yearbooking," that we can't wait to get started on next year's CAMPUS!

IES

"I will NOT do that layout over!"

Michelle writes the orders for the day.

CAMPUS BUSINESS STAFF

Barb and Karen hard at work.

Whether rain nor snow keeps us from our appointed rounds."

As members of the CAMPUS business staff, we had the huge job of completely financing the production of the yearbook. With a budget of over \$14,000 and less than three fourths of this total coming from sales of the book, we were extremely busy raising the other one-fourth.

We began our fund-raising this summer with a pretzel sale at the Vandergrift Firemen's Carnival. Also, during the summer, business staffers began selling advertising and patron space to area stores. As a result when school began, we already had a pretty good start on our finances.

Probably the most famous CAMPUS money-maker was our weekly donut sale. We sold at least 50 dozen "goodies" each week and estimate that over one third of the Kiski student body ate breakfast in school each Tuesday during activity period, thanks to us.

However, we of the business staff did much more than sell donuts. Our biggest and most difficult task was collecting and recording the subscription payments made by the Kiski students. This year, we sold over 1,200 books, most of which were paid for in three installments. As a result, we had a phenomenal amount of bookkeeping and money-counting to do during the months when students made their payments. However, we were able to keep everything straight.

Being the go-getters that we are, we were able to come up with a few new money-making schemes. For the first time ever, thanks to the senior class, a free yearbook, compliments of the class of '78, was used as the incentive to sell magazines, which resulted in more profits for us. Also, as you may have noticed, we began selling color page space to anyone who wanted to buy it. Again, the seniors came through and "bought" pages 6 and 7.

Now, we present YOUR 1978 Kiski CAMPUS, all paid for. We thank everyone who helped, and especially a sincere thanks to Miss Schwetz. Without her to keep after us, we might still be selling donuts!

AFRO-AMERICAN CLUB

Under the guidance of Mr. Pipkins, we learned to take pride in our "roots." This year we also tried to find out where we stand in America and what we, as a group, actually represent. Looking to the future we see a better world with everyone "getting their acts together." We planned to meet some Black leaders and see some Black performances, but first we had to overcome the problem of raising money. We received many good ideas from such creative sources as Sheila and Melinda.

At most of our meetings we just "rapped" about whatever seemed important or interesting. We hope that next year we have many more members so that our "soul train" can keep on roaring.

Smile! You're on Candid Camera!

Busy, busy, busy.

"Hey, we're going to see a movie in physics!"
 "We're going to hear a tape of Chancer in English today!"
 "Tomorrow we have another filmstrip in social studies!"

These are familiar lines heard in the halls at Kiski. Whom do we have to thank for these welcome breaks in class lectures? Whom do we have to blame when the projector breaks, and the teacher lectures anyway? The Audio-Visual Club (A-V for short) — that's who.

In addition to delivering projectors, cassette players, and various other equipment to any teacher who wants them, we operate KAE-TV, which runs a daily schedule of educational programs, and Big K sports. We also took part this year in many special projects for the Children's Hospital drive, including the highly successful telethon at Fishers' Big Wheel.

Some of us will use the valuable experience we have gained in careers in communications or broadcasting. But, whatever we do, we're all sure to remember Mr. Duckworth, Mr. Stauffer, and all the fun we've had with the Kiski Area A-V Club.

CONCERT BAND

Marching Band ended and the woes of Concert Band began. This year started kind of slowly, but after a few of Mr. Botti's encouraging lectures we realized we weren't exactly the "scraps of the band." Soon we set out to work and struggle to be the best Concert Band at Kiski.

Along with the work we had some fun. For example, there were the times we would look up to see a percussionist goofing off and finally getting caught. Or, when the monotony of day-to-day rehearsals was getting us down, Mr. Botti would break through with a great (?) foolish joke.

Besides these humorous times, we did have a lot of "breathtaking" work. However, we didn't mind all of those after-school rehearsals. We had "good ole' Mr. Botti" to keep us alive and healthy.

Without all of our work, fun, and, let's not forget, pride, Kiski would not have its terrific Concert Band.

PEP BAND

Pep Band raises the roof!

Is this how Lawrence Welk started?

You know us — we're the noisemakers who tromp through the halls on the Friday afternoons right before pep assemblies. Chosen at the beginning of the year to provide school spirit, we attempted to do this in many ways.

However, marching through the halls on Friday afternoons was always something that this band looked forward to, and not one classroom or study hall escaped from our "Cavalier Song." It was truly an accomplishment when we got a tuba through the skinny doors of the senior building, and keeping in step with the drummers or the echos was nothing but pure talent (of the rarest kind). Some of us managed to sign in at our homerooms, pick up our senior mums, get our coats, and still make the last lap of the "snake." Who else but the pep band could manage all of this?

We are very proud of our contribution to the Children's Hospital Drive; we stood and played for all those people waiting in line to give their donations. (We now know that acting peppy is hard when you're freezing to death). When KDKA came, we helped to provide the music for this special occasion. Some of us feel that a compliment from Art Pellan really makes it all worthwhile!

We know that our band helped Kiski's school spirit to shine through, because we are an example of that famous CAVALIER pride.

Larry keeps the beat.

"How's that, Mr. C?"

Under the leadership of Mr. Costanza, this year's stage band became one of the best that Kiski Area ever produced. With every Thursday night rehearsal and Mr. C's dancing to the rhythm, we combined our talents and fun-loving personalities to create our terrific band. Without "Mr. C," our group would not be what it really is. He puts forth everything he has, and in return we give him the perfection he wants. This year we used our expertise to play such songs as "Take the A Train," "Big Band Medley," and "Pieces of 8, 12, and 4." Everyone who heard these as well as many of our other songs knows that we, the stage band musicians, really can "make beautiful music."

SYMPHONIC BAND

"Not bad. Not bad at all."

Dueling Tubas

When symphonic band started, many of us didn't know if we could reach up to "Mr. L's" expectations. Nervousness and practice seemed to be two words that every band member knew the definition of. "Mr. L is testing us today!" became a familiar panic button. We would frantically go over and over the hard parts of our music (which included nearly everything), thinking we knew them. Then, we felt our hearts jump when Mr. L would say, "All right, go down the line . . . you first." And there we were alone, our fingers shaking, each of us praying that the bell would ring before he got to us. All the hours of practice were wrapped up into one crucial moment. We treasured our "chairs" like gold, and the work came naturally because we wanted to keep them (though sometimes our parents didn't appreciate an 11:00 P.M. concert!).

We will never forget taking our band pictures and Tony in his "blue jean uniform." And Dale and Guy kept us laughing most of the time with their unique technique of drum playing. Finally, Mr. L's jokes, no matter how corny, always seemed to bring a smile to our nervous faces.

As competitions and concerts loomed closer, our music finally began to take the shape of something truly beautiful. We realized that anyone (well almost anyone) can play the notes, but you have to "feel" the music, too. We finally felt the satisfaction that we had accomplished something. There is no substitute for hearing people say that "those kids are the cream of the crop." After all, we are!

Big "K-os"

Blisters . . . broken reeds . . . sore muscles . . . sunburns . . . these were the signs that band camp had started. At first, we weren't sure if our band would be as good as usual, but when we had a "battle of the brasses" to the song "Rocky," we knew no other band could touch us. After all, we had to live up to the reputation that we had made.

Practices became a regular part of our lives, and so did Mr. Botti's familiar yells: "Look at that line!" or "March with some style!" Although we sometimes felt like yelling back, we gritted our teeth and picked up our feet.

We will always remember the mad scramble for the buses at away games, our snake at Norwin that took the attention away from the game, Bobby's "care package" that got a seat of its own on the bus, our Kennywood spirit, and the determination to be the best band Kiski ever had.

Finally, on Senior Night, after doing the "K formation" for the very last time, our hearts ached with a sorrow and pride that made being in the band worthwhile after all.

MAJORETTES

"Don't move, majorettes!" was always a familiar cry from Mr. Botti when we were standing at attention. But did he ever have fly on his nose? "Quit fixing your hair!" But we had to. Somehow, standing in front of the reserved section at Davis Field always made us feel self-conscious, because everything had to be perfect.

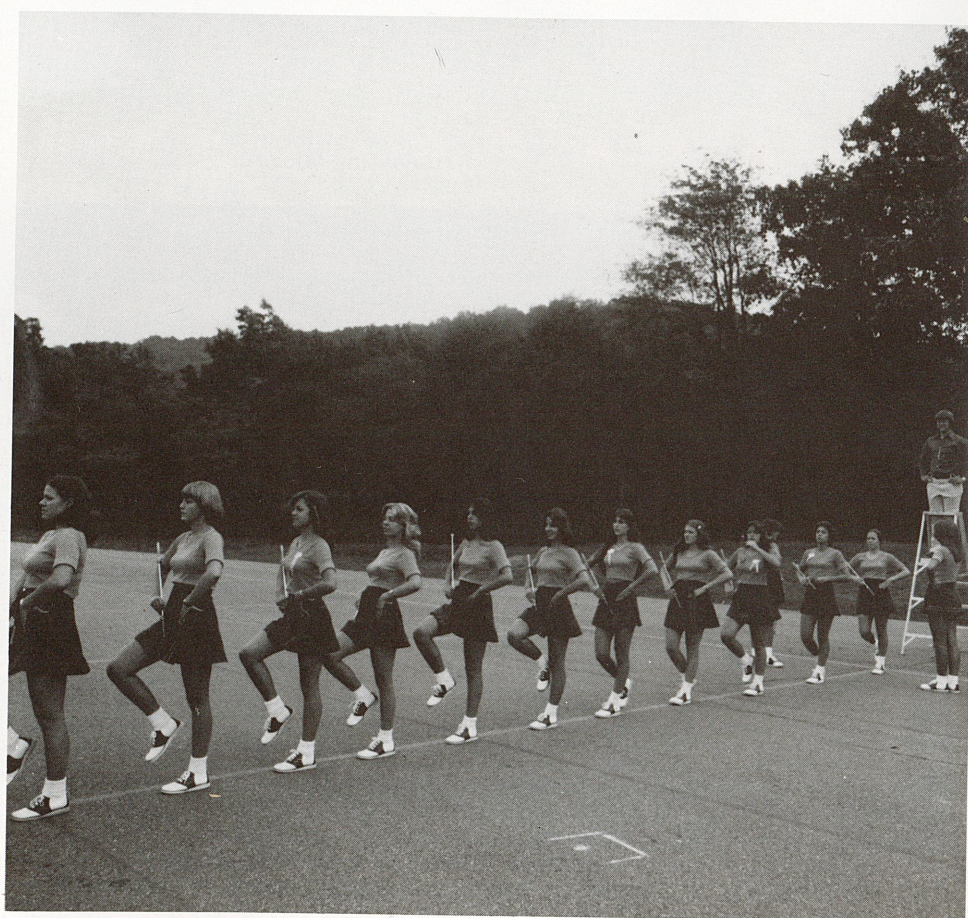

Our evening rehearsals were many, and sometimes we'd do more chatting than practicing. Cindy, our head, made up "really cute" routines that turned out to be "really hard" for some of us. Or there was always Jackie's, "Come on, girls," to look forward to.

We loved to fascinate the other kids with our "glowing batons." In fact, there isn't one person in the school who didn't ask us, "How do they work?" Of course, we were always proud to show them, because that's what being a majorette is all about: PRIDE.

COLORGUARD

Time to relax before the pep assembly.

Colorguard perfecting their new routine.

When we were selected as colorguard members, we screamed, cried, and called our mothers on the phone right away because we were so happy! But our happiness soon faded when we found out about all the work involved. Usually, when the band didn't have practice and we thought we were going home, we "got the word" that we weren't going anywhere, at least not until 6:00. So there we were, practicing our routines over and over in the parking lot, our second home.

We will always remember Mr. Powell shouting "hot dog" when we did something right and Mr. Botti yelling, "Colorguard, GET IN LINE!" But most memorable was the satisfaction we felt when we heard our silks flapping in the breeze. "Looking sharp" became our goal. After all, when you are part of the "Big K" band, how can you possibly look any other way?

CONCERT CHOIR

After a long summer of relaxing our vocal chords, we came back to chorus with many moans, groans, and other strange sounds coming out of our mouths. (This is singing??). In addition, Mr. McClelland kept telling us we didn't know how to breathe the right way. (We always thought it just came naturally). However, with many hours of practice, we finally got the right notes and good tone we had strived for.

Before we knew it, the Christmas concert was upon us. Our voices had never sounded better as they floated up toward heaven. We must have done well because we even heard the Angel Gabriel blowing his horn. (Where else could all of those strange trumpet sounds have come from?) Now that choir practice is finished for another year, we thank you, Mr. McClelland, for teaching all of us to "believe in music."

"Hi, Guys!"

How would you like to wake up every morning with a song? We did!

Each morning we had to warm up our voices. Then we would practice for a whole period. But as the saying goes, "Practice makes perfect . . ." Well, almost perfect.

We tried to develop our talents so we could give audiences pleasure and be proud of ourselves for a job well done. Many thanks to Mr. McClelland and Mr. Wolfgang, whose ranting, raving, and roaring taught us to respect music as a form of art.

MIXED CHORUS

We sophomores thought we were experienced singers by the time we had reached senior high, but nothing could have prepared us for the Mixed Chorus. First, we had to find out where the chorus room was, and by the time we had found it, the ten-minute bell had rung. Then we learned we had to wake up every morning by singing "hee-hees" and "haw-haws."

After everyone found out what voice group they were in ("I thought I was an alto, not a bass!"), and our folders were crammed with music, it was time to begin practice. And practice we did!

Finally, with many hours of training and practicing behind us (plus frequent stops by Mr. Wolfgang), we were prepared for our Christmas concert. We were a success! Although we had set our goals high (not as high as the soprano's notes), we reached them and are prepared to join the Concert Choir next year.

"And a one, and a two . . ."

COUNTY CHORUS

This year, many chorus students filled out applications for the County Chorus. Before we knew it, most of us had made it and were accepted. We had to practice hard so we could bring our pride to Kiski while we were at the concert. Instead of being divided into sections according to voice, everyone was scattered throughout the chorus. We had two days of extra hard work, but there was always time for cookie breaks and making new friends. It was an exhilarating concert and a new experience for us. It provided us with many memories we will always treasure.

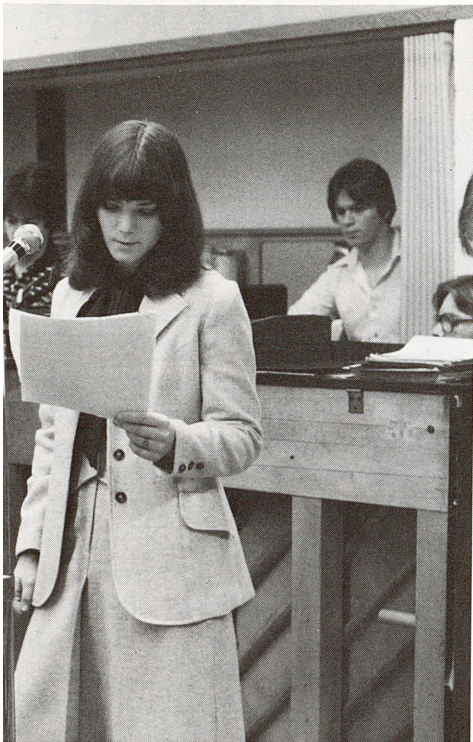

J. Metzgar, Mr. McClelland, A. Silvestri, J. Knabb, R. Jewart.

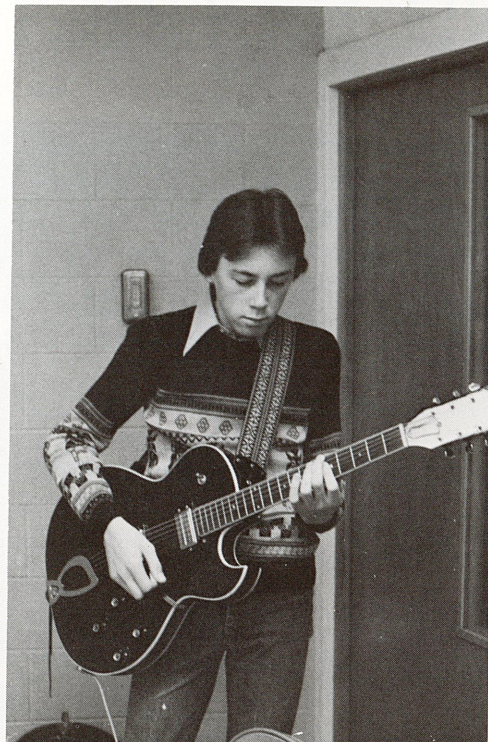

DISTRICT CHORUS

We, the members of the seventh District Chorus, practiced for three days and had two concerts. This year it took place at West Mifflin High on February sixteenth, seventeenth, and eighteenth. We had a chance to test and enrich our voices by performing difficult liturgical music, classical music, and Negro spirituals. After the concert, there was a large banquet and a dance. It turned out to be a lovely experience and everyone had the chance to make a few more friends.

"What is the Jazz-Rock Ensemble?"

We are a select group of singers performing the popular songs of today.

First, we had to go through the nervewracking process of auditioning. Many of us sang into a microphone for the first time in our lives. It seemed funny to hear our voices booming so loudly when we were used only to hearing them in the shower.

Then Mr. McClelland had the hard task of selecting this year's performers. After many weeks of nervous waiting, we finally heard Mr. McClelland's decision.

Giving a performance is not as easy as it seems. We spent all of our activity periods practicing so we could give the people what they paid for.

Who knows? Maybe we'll be the Barbra Streisands or Barry Manilows of tomorrow.

CHEERLEADERS

Everything turned out just the way we wanted this year. We started with new uniforms, new pompoms, a great new squad. At cheer camp, we won the place trophy. It was hard to believe that after practicing, awakening to the sounds of chants at 6 a.m., maintaining Golden Eagle smiles, and crying eyes out, we were considered the best squad out of thirty others. We even learned a new cheer that became our favorite: "F-O-O-D, with a little bit of love and you can satisfy me!!"

There were certain things about being KA cheerleaders that we will never forget . . . Kim's falling off the sidewalk; Jan, our "Glitter Queen;" Diane's frequent guy-watching; Lee Ann's constant eating; Bobbi's "fits;" and Bobbi's falling over a thermos. We also never forget our favorite sponsor and our friend, Mrs. Vitali.

We followed our own cheer, 'We can, we must, we will' and reached all of our goals that we had set at the beginning of the year, making us both proud and happy.

COIN CLUB

They say that money makes the world go round, and if that's true, we of the Kiski Area Coin Club certainly did our part to keep it spinning. We were involved with money almost every day. One day we might be wheeling and dealing to get a good deal in a trade, and the next day be searching for lost treasures with Mr. M's and Gary's metal detectors.

Joining the "Coinheads" was also a great way to be a leader. Every member was an officer (three of us!). But mostly, with Mr. Woitas guide us, we just had a lot of fun with an interesting and valuable hobby.

We are proud of our club because it is extra special. After all, without us, how would visitors find their way around, or how would anyone know what was going on in school? We are responsible for those signs that are all over the Kiski walls.

Our club is the only high school drafting club in the state that is affiliated with the National American Industrial Arts Student Association. Through our efforts, a statewide organization of Industrial Arts Student Clubs is being formed. Our past activities have included field trips to Falling Water and various industrial arts fairs, as well as graphic service jobs throughout the school district.

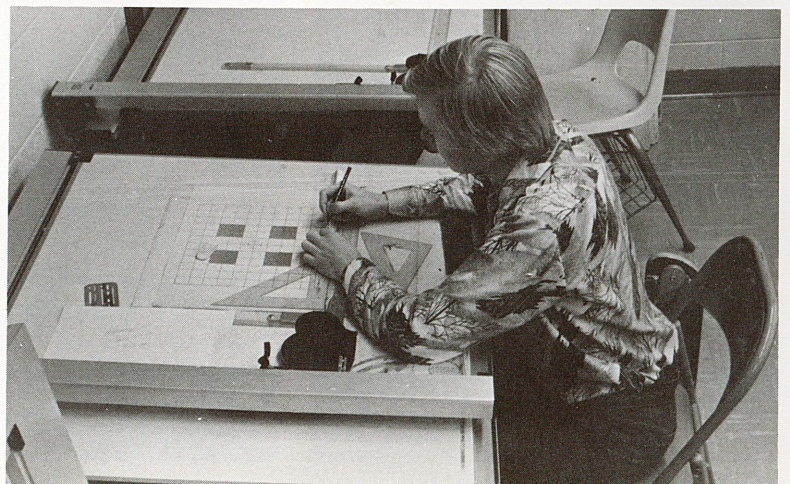

As you can see, we are quite active. By belonging to Drafting Club, we've done much to help the school as well as improve our own skills.

FBLA

We had many activities this year. First we sold candy and had to answer the question, "What did you say a reception stick was?" We sold pizza at the fun fair and went Christmas caroling at the highrise. Last, we had a cupcake sale for Valentine's Day. We brightened eyes when we delivered cupcakes to people who never even knew they had secret admirers. Some of us never will understand how we got nine cupcakes during the second period alone.

All things considered, we had a very good year. But then, again, with Mrs. Contie as a sponsor and officers like Cindy and Brenda, how could we go wrong?

As Future Homemakers of America we realized early in the year that our cooking and sewing skills needed much improvement. And we tried—believe me, we tried! Unfortunately, every time a meeting was scheduled something “popped up” (just like our rolls) to cancel it. Finally, we did get to have a few meetings where we sewed our projects and baked our goodies. Our favorite part was eating those goodies. It seemed everyone was our friend when the cookies came out of the oven. We even managed to raise some money for Children’s Hospital, which has become an annual project. With the terrific help of Mrs. Wilson and Mrs. Daugherty, we learned several ways to be good homemakers, and someday we hope to put these skills to use.

Isn’t this interesting.

FRENCH CLUB

Ah, France! The Left Bank, The Riviera, Room 302 . . . Room 302?!

That's right! On every second and fourth Wednesday we had a little bit of France right here at Kiski—the French Club.

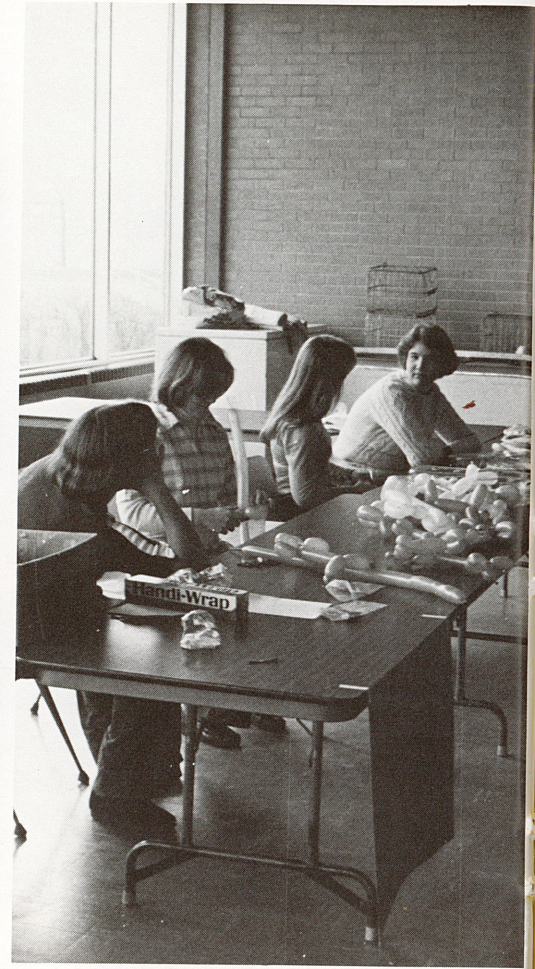

With sponsors Mrs. Slizickey the first half of the year and Mrs. Baun the second half, in addition to President "Fishy," we studied and enjoyed the customs and habits of the French. We learned about "le Jour de Poisson" (Fish Day), which we celebrated with our annual fish cookie sale. And, of course, it wouldn't have been "French-like" on December 22 without having wished everyone a "Joyeux Noel."

We took part in the Children's Hospital campaign by selling candy canes during activity period. Also, we had a booth at the fun fair where we sold baked goods and balloon animals, which we made ourselves.

Through these activities we not only learned about France but had a good time, too.

GERMAN CLUB

"I just ruined my supper!"

With Laura as president and Frank as vice president, we knew we would have an "interesting" year, if nothing else. The enthusiasm of our members sometimes went too far, though-like the time a "certain person" blew up our hot dog cooker at the fun fair.

When we weren't "goofing off," we really did get a lot accomplished. We were the club who sold all of the candy sticks to anyone and everyone we saw, bringing in money to be donated to Children's Hospital. But, above all, the cooperation and spirit of our members made this a great year for us.

MAGIC CLUB

"Abracadabra," an old saying famous among magicians, still lingers around room 411 where Mr. Israel presides over his Magic Club. We always looked forward to those days when we would join our fellow magicians to see if we could make something disappear (like the school perhaps?). Unfortunately, our great disappearing acts backfired and we conjured up things like Fred, Alan, and Bill.

As we look back on '77-78, we will always remember that fine year of performing card tricks and illusions that really worked. We'll think of collecting dues to see that young magician who fascinated us with his ability to manipulate with his sleight of hand. But most of all, we will always remember Mr. Israel and the fun we had as future magicians.

LEO CLUB

I knew I read that somewhere.

Getting members for the Leo Club was difficult at first because everyone was wondering what kind of club it really was. Finally, a few brave souls went to the meetings and found out that the new club is sponsored by the Vandergrift Lions Club and is open to anyone who wants to join. Gradually, membership increased as we recruited new members.

After the election of officers we decided on fund-raising projects. One of the activities we planned to attend was a convention at Seven Springs. However, many of us disliked this since it was only open to male members of the club.

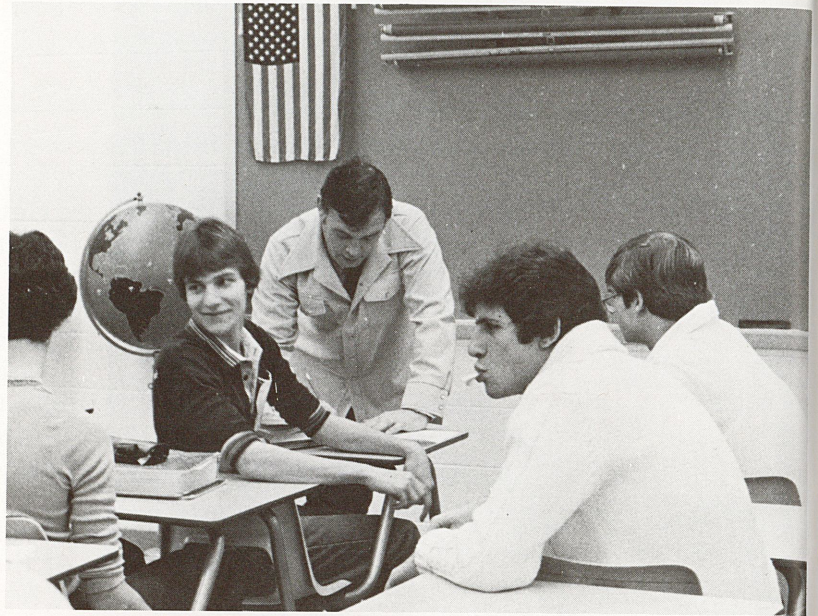

As members of the Leo Club, we benefited by gaining experience, developing leadership, and serving the community.

KEY CLUB

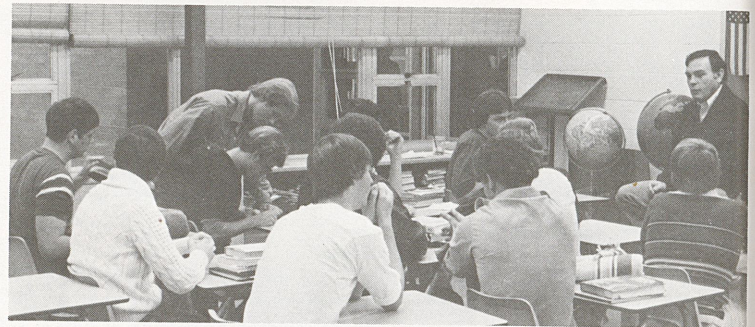

With "Duke" Churma and "Buddah" Earley as our officers and Mr. B as our new sponsor, we knew we had a good thing going. Together with "Padre" Giotto, "Rock" Dykes, Tom Mumau, Jeff Klingensmith, and the rest of the group, we collected money for Children's Hospital. Our other projects included sponsoring film festivals, raising money to attend a hockey game, and even making a few keys (?). When we were faced with disappointments, like not being able to ring the bell at Christmas for the Salvation Army, we had one member who helped us get over all our sadness — Mike. Yes, when things got slow, Mike would take an occasional "spasm" as only he could do to keep us going! Overall, this was a great year for us.

LIBRARY CLUB

No, this is NOT a mailbox!

"Would Joe please come to the front desk? Your study hall room number isn't on your pass." This is one of the familiar phrases we seemed to say over and over this year.

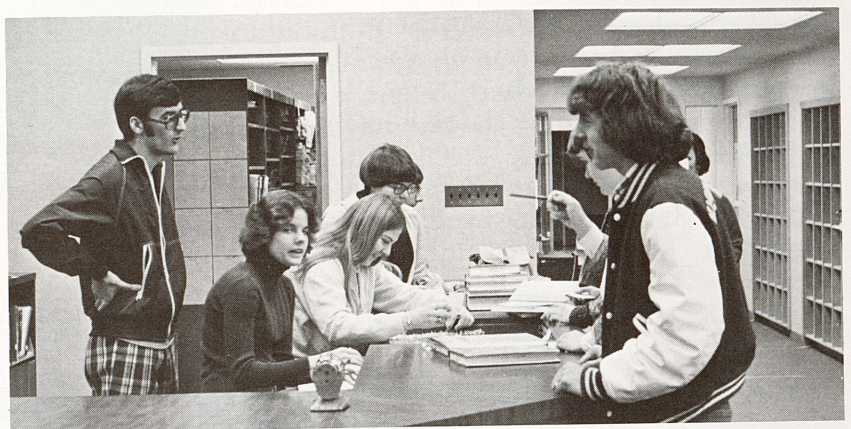

We were always busy trying to keep the library in order. We even had workshops to help teach the sophomores where everything was and how to run the equipment (that we ran so efficiently!).

We also helped people outside school. At Christmas time, for example, we collected canned goods to give to a family whose house had burned down.

Belonging to the Library Club was well worth the effort.

STAGE CREW

True Shakespearean actors may work without any props or scenery, but here at ski, most productions require anything from risers to a French cafe. These things as well as just about anything else that needs doing are handled by the Stage Crew.

Whenever Mr. Tarosky or Mr. DeSantis call, "Fi," "Freak," "Howdy Doody," and the rest of "Tarosky, Inc." are there to pitch in and get the job done. Especially when "Toad" gets hold of a stick.

We work behind the scenes, and don't get all the glory and glamor of the graduate, actor, or band, but we get at least much satisfaction when we see a show run smoothly, and know that we had a part in it. All in all, we like our job, and we think we do it well. Now if only we could figure out how to get those doors back together

LITERARY CLUB

Founder of Literary Club
Pam Kipp

We are a new club this year and, we hope, a permanent one, too! Pam Kipp, our president, who was responsible for forming our club, and Mrs. Pipman, our sponsor, have helped us to bring out our "creative urges" and write some beautiful material!

One of the objects of our club is to publish a booklet containing our creative work. This booklet will include our poems, stories, essays, photographs, and artistic drawings. At each meeting, we read our work to the club, or we submit it anonymously to be read to the club. A majority vote then decides what will be printed in our booklet.

Of course, we have some obstacles to overcome, the ones that new clubs always face. For instance, we're still not sure how many members belong, because some join and some leave each meeting! And, as of now, we have no name for our club (we aren't yet creative enough to think of one). We also are trying to avoid collecting dues. (We're not sure how long that will last!).

Here are some funny and exciting moments we will always remember: Pam trying to get us "involved," finding a way to plan a meeting around Thanksgiving and Christmas vacation when we only meet twice a month, "forcefully" getting people to join, and watching the "anonymous" writer's face turn red when we read his or her work to the other members of the club.

We are the creative portion of the school, and we are proud to have established ourselves as the "literary circle" of Kiski Area.

How much can we embezzle?

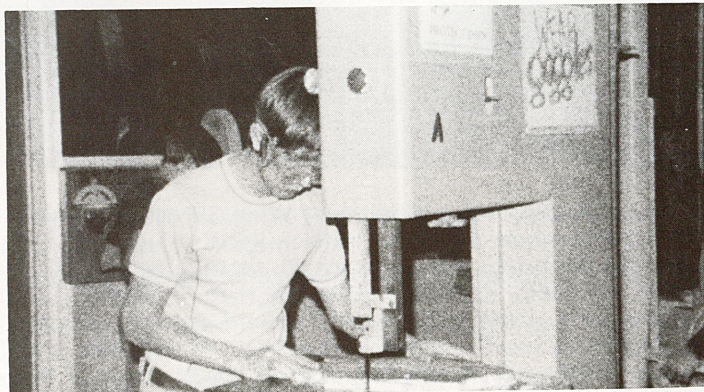

The cracks are so hard to get!

Production in full swing.

And then the clean up.

Busy little beaver.

We are the profitable business men and women of Kiski. We own our own company, sell shares to stockholders, distribute bonuses, and handle the "fruits of our labor." This year, we produced such things as cutting boards, colonial candles, and trays to sell. Selling is a very important part of the companies at Kiski.

Our meetings, held each week, were taken up mostly by work. In addition we met prominent businessmen of the area and learned what it takes to be successful.

This year, we sent Connie, Gary, and Amy to Bowling Green University in Ohio to the Junior Achievement Management Conference (JAMCO). There, they attended workshops, seminars, and dances. We also sent two of our members to a National Junior Achievement Conference. We even have our own "Miss J.A. of Southwestern Pennsylvania," Mary Jo, who is one of the top ten achievers in the U.S.

We were also active in the community this year. For example, one of our projects was a Trade Fair at Fisher's Big Wheel, where we sold many of our products to area residents.

Someday when you are looking for a job, don't be surprised if you recognize the person running the company. It's liable to be one of us!

A little publicity never hurts!

PEP CLUB

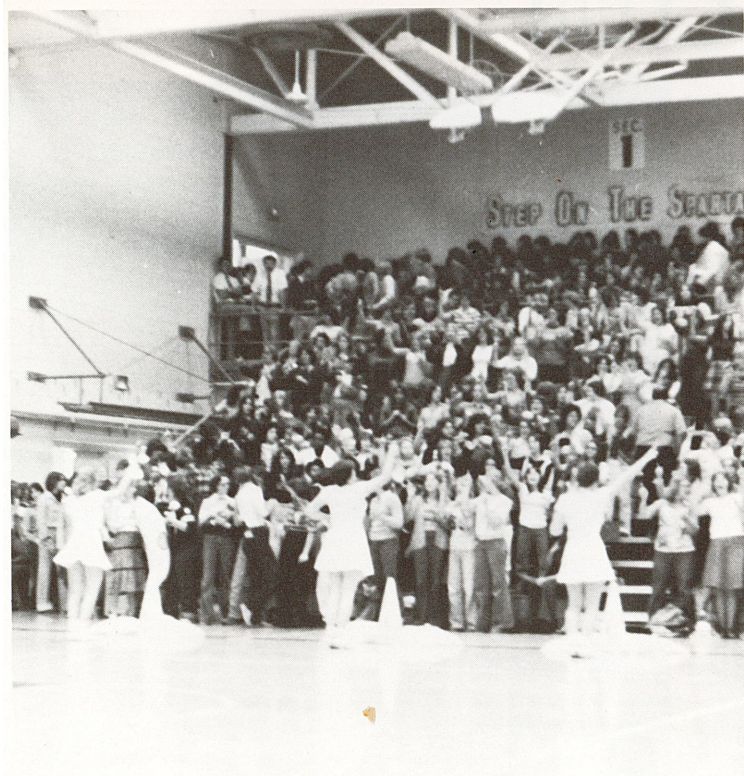

As members of the Pep Club, we "went bananas," usually, cheering at pep assemblies and games. Under the leadership of Laurie, our president, we helped make homecoming special by covering most of the expenses. And, of course, Senior Night would never have been quite as bright without the corsages we sold. By cheering our lungs out at the pep rallies, we showed that "we believe." And, who could forget Ann's cheering routines or getting hit in the head with the "Big Banana?" Above all, we'll always remember the fun we had promoting spirit at the "Big K."

Anxious fans await the outcome of a play.

MATH CLUB

Our first meeting of the year was a big success — only a few people showed up! Even though this was a small number, we settled down to business. First we had self-elected officials ("I'm going to be president!"). Then we hoped that more people would attend the next meeting.

When we met again, many more trig. and calc. students came. Moreover, Sue thrilled us all with her mathematical knowledge (which came out of a book she had with her), Roger showed us how to play with a calculator, and Mrs. Scales was there to answer any questions we had "goodies."

By belonging to the Math Club this year, we learned a great deal and had fun as well.

NEEDLECRAFT

What concentration!

With Mrs. Wilson and Mrs. Daugherty to teach us, how could we help but improve our needlecraft skills? Well, to tell you the truth, it's not hard when you're all thumbs! Did you ever try to embroider and keep stabbing yourself with a needle? Or knit with a crochet hook? But as the year progressed, we became more "professional" in our ways. Some of us even went "big" and made afghans. Most important, however, we enjoyed ourselves as we desperately tried to learn needlecraft.

After school, the training room is one of the busiest places around. On a given day, you can see a parade of athletes with sprains, blisters, and bloody noses, in addition to occasional breaks or dislocations. We're kept busy treating these, but, as if this weren't enough, there are always tables to clean, supplies to check, or the whirlpool to scrub.

Our year had several highlights. For example we got to see a knee operation with Mr. Brost, and we ordered personalized shirts (and received tents).

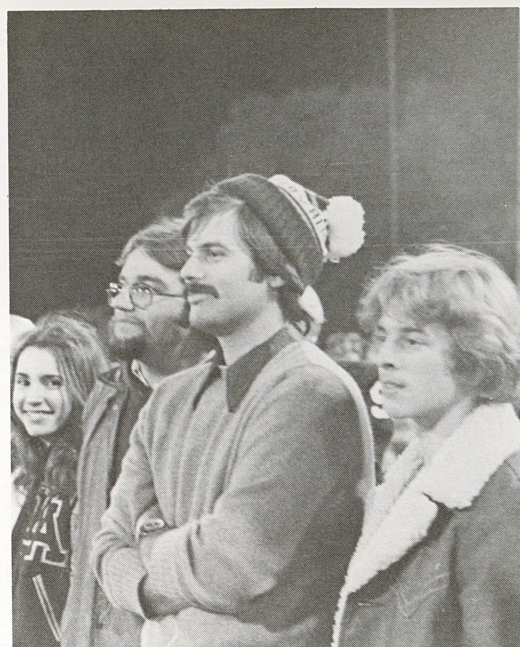

But, of course, training itself was the year's highlight for all of us. With the help of Mr. Brost and our new student teacher, Mr. 'Don't Ask Questions' Kundla, we earned the respect and confidence of the athletes. But, maybe even more important, we gained valuable experience that will last long beyond our high school years.

"Very interesting . . ."

So that's how they do it!

SPANISH CLUB

"Tacos, anyone?" Before the year even got underway, we were planning our taco sale for the Avonmore Festival. In the past years at Avonmore, our sale was a big success. We moved on in the year with the Great Pumpkin sale. Soon it was Christmas and we were busy knitting and sewing up stockings. Stuffing the stockings with the best; popcorn was flying everywhere, but we didn't find the stockings to stuff them. Everything ended out great and in the future years at Kiski, you bet the Spanish Club will be selling their tacos and giving away bags of goodies. After all, this is the best way to have to raise money for field trips which enrich our knowledge of Spanish Culture.

STUDENT SECRETARIES

I goofed again.

We, as student secretaries, were the people behind the scenes!" Thanks to Mrs. Vitali, we were able to help our "bosses" with anything from typing up worksheets to filing homeroom students' excuses.

A typical day in the life of a student secretary might involve arriving at school only to find that a teacher has "a million and one things" for the secretary to do. For instance, he needs a test run off by second period and a four-page worksheet that must be stapled together—FAST.

Many times we made attempts to set a new school track record just to get to homeroom before the late bell. To make matters worse, we also had our own studying to do for classes. Suddenly we were caught in deep shock or a state of panic. By ninth period, thoughts of having to go through another day like this lingered in our heads.

Now that the year has come to an end, all of the bad things now seem funny, and the good times seem that much better. Thanks to all the cooperation and understanding from our "bosses," we have benefited from the experience of finding the answer to, "What exactly does a student secretary do?"

A friendly get-together.

We were very excited when we were elected as homeroom officers, but our excitement soon disappeared when we found out about all the work involved. As sophomores, we frantically urged fellow classmen to pay their dues so that the sophomore dance would be everything we wanted it to be. As juniors, we kept track of candy sales and tried extra hard to push pecan rolls on not-so-hungry friends. And as seniors, (yes, seniors!) we delivered prizes and more prizes to those successful magazine sellers. We were the ones carrying those huge fuzzy pillows that everyone wanted to sit on. (Who knows how the lucky winners got them in their lockers?).

If that's not enough, here are some other things that we did during the year. We raised money for Children's Hospital by sponsoring a Gong Show (everyone will remember Mr. Morea's "jig" on stage), we participated in the Fun Fair, and purchased the Cavalier doormat in front of the administration building. And, in case you haven't noticed, the school lunches have been a little better this year. That's because we selected the menus!

To sum it all up, the student government at Kiski is INVOLVED. But, most important, our main purpose is to try to give EVERY student a voice in school affairs.

Time to relax.

Let's act interested!

ANOTHER friendly get-together?

Jane voices her opinion.

THOUGHT-FOR-THE-DAY CLUB

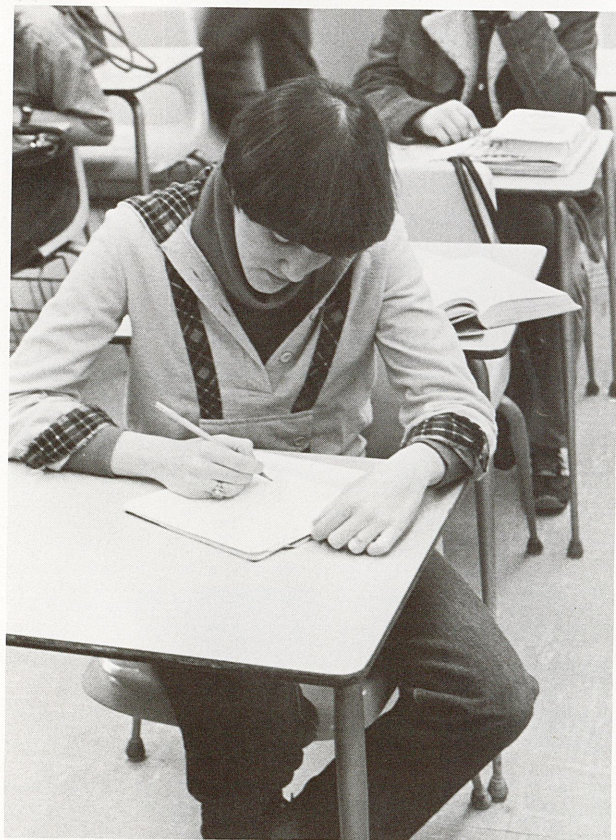

Known as the "Thought-for-the-Day Club," we are the students who try to give those here at Kiski something meaningful to begin the day with. Of course, there are always the times when we begin to speak and our voices change pitches, or the telephone rings in the middle of our reading, making our "thought for today" far from meaningful; but we somehow manage to finish the readings.

There are eight members in our club, and each week Mr. Israel notifies us of who is to read. Sometimes we forget, and then you can see us frantically searching through the papers and magazines trying to find something (ANYTHING) to read.

We hope that every student finds his own special meaning to life. We have ours: "You can please some of the people some of the time, and some of the people all of the time, but you can't please all of the people all of the time!" We do hope our "thoughts for the day" please MOST of you!

TRI-HI-Y

"May I help you make a decision?"

Getting ready for a meeting.

As members of the Tri-Hi-Y Club our goal was to serve the community. We are proud to say that we did our "job" well this year, thanks to our devoted officers, Marlene and Mary Jo.

We spent most of our time raising money for various causes. Our cake raffle at the fun fair was a big success. At a dime-a-chance, who could lose — especially since all the proceeds went to Children's Hospital. Other projects included our "famous" candy cane sale and a raffle for a panda bear. We also spread the Christmas spirit throughout the high rise by caroling.

We give special thanks to Mrs. Staney for her support and guidance which helped us to have such a successful year.

ROCKET CLUB

Take some dedication, scientific interest, ability to work with one's hands, add some common sense and just a dash of insanity and what have you got? Why, a Kiski Area Rocket Club member, of course!

Although we're not the most active club in the school, we're certainly one of the most. This year, after breaking in our new sponsor, Mr. Toland, our goal was to work on our high pilot mortality rate. We'd like to find up an "astronaut" and bring him back alive repeatedly (at least twice). Any beetles, worms, ants, or spiders wishing to volunteer for the Kiski Area Space Program should contact any Rocket Club member. After all, it's in the interest of science!

VARSITY CLUB

Mr. Dilts presents jacket to Greg Zaski.

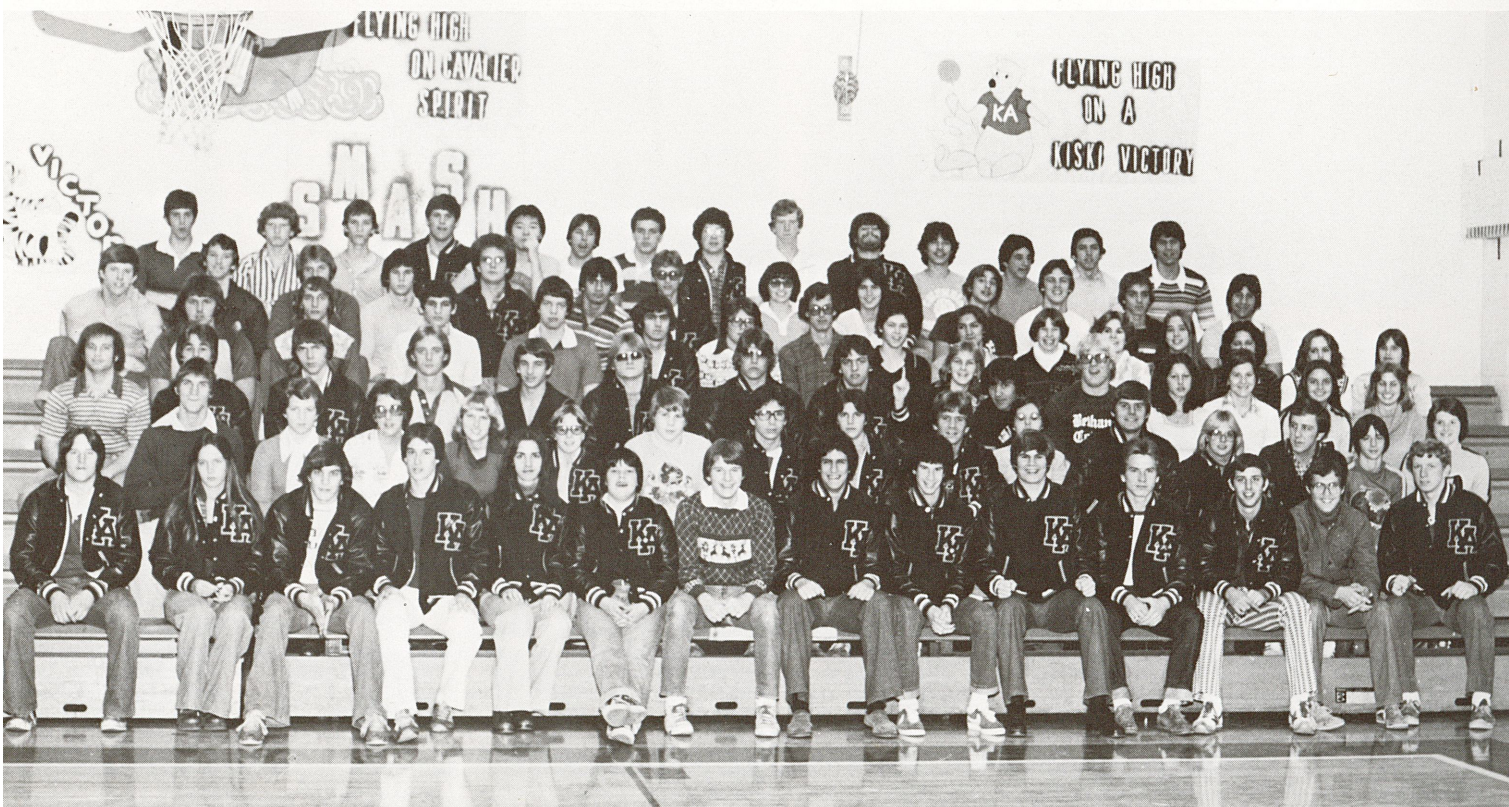

Waiting to receive varsity jackets.

Who are those people wearing dark jackets with letters on them? We're the Varsity Club!

One of our major goals is to raise money to help pay for our varsity jackets. This year our money-making project was a candy sale. We sold candy to every neighbor, friend, and relative we could think of. Finally, we were able to buy our jackets and proudly display our varsity letters.

Another basic goal is to promote athletics throughout the district. We help athletes from grade school to senior high participate in the sport they enjoy.

The Varsity Club is composed of athletes who enjoy the spirit of fellowship and competition. Although as a group we may not be active, as individuals we keep very busy.

WRESTLING CLUB

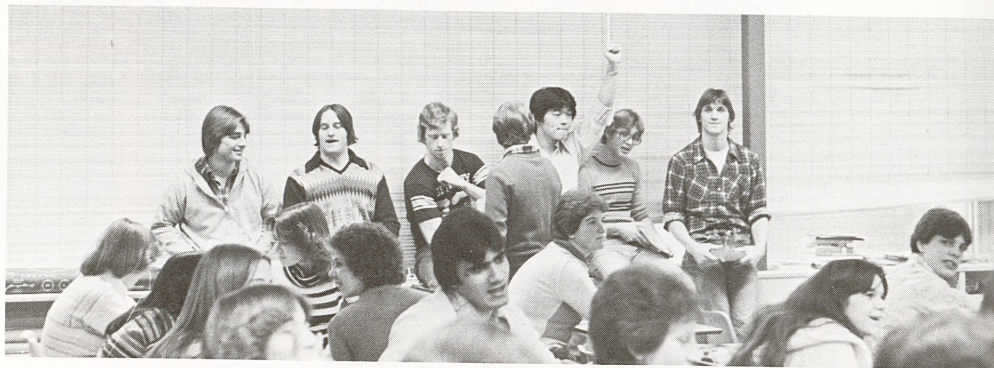

Who can join the "Big K" Wrestling Club? Anyone. Anyone, that is, who has a burning interest in wrestling, an uncontrollable urge to cheer, or both. You don't have to be a wrestler, or even look like one. But you do have to be ready to support our wrestlers at every turn. Of course, that comes easy, especially when you've got a team as good as ours. With so many good wrestlers, we wouldn't help but have a successful year. However, win or lose, one thing is for sure. The Kiski Area Wrestling Club will be there to cheer them on.

"Mother never told me teaching would be like this."

This is sure better than homeroom.

Tina "getting things together."

K. Schrecker, R. Stiffler, T. Bozzarelli.

We're a big group — a whole three members! We meet once a month and travel to different schools to talk about traffic problems and ways of improvement. Our biggest task when we go to other schools is to find them — especially the ones that are "out in the sticks!" But somehow we always manage, and although we joke around a lot, we take seriously our responsibility of promoting traffic safety.

Waiting for traffic reports.

"Mr. Bassetti, how many points did you say you got this year?"

SPECIAL EVENTS

GONG SHOW

A newcomer to Kiski might ask, "What do you do during activity periods?" One answer would have to be, "We go to see the 'Gong Show!'"

This year's annual Gong Show will be long-remembered. Art, in his "stunning, revealing own," made us marvel at the beauty we never knew he had. (You shy thing). There were also three brave girls (or were they chipmunks?) dancing and singing to a song in their "cute" little outfits. And, of course, who could forget "Raindrops Keep Falling on My Head" with Jim's red eyes and numerous umbrellas.

"Oasis" and Lenny Collini's group added to the talented side of the show. (If there really was a talented side). Mr. Morea's little jig was also worth a few points. Too bad he wasn't a contestant.

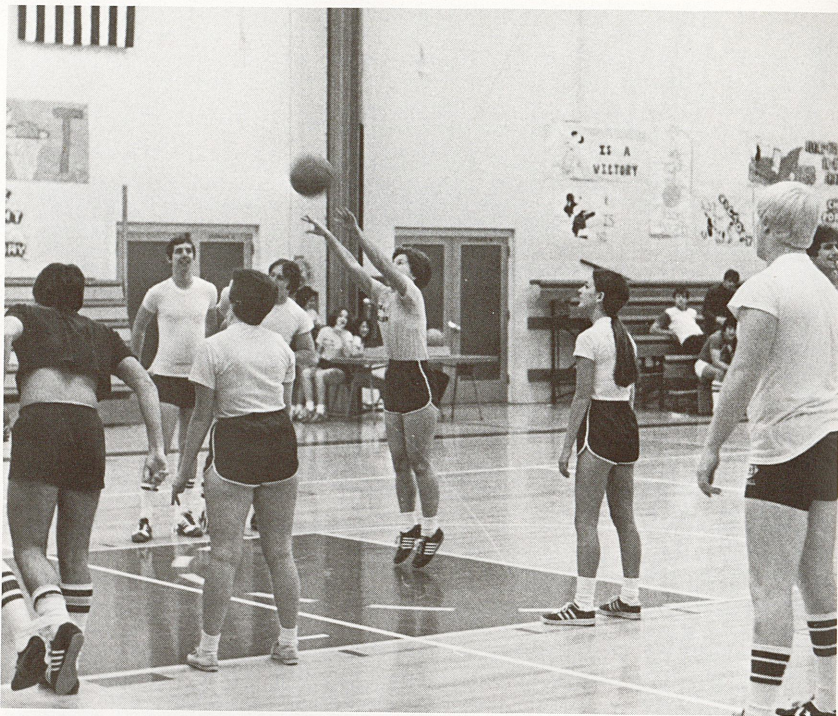

Even the "gonged" acts could be heard laughing backstage. No one knew which act was next, and there was a lot of scrambling around behind that curtain. It was almost as much fun watching as was participating.

The outcome? Oh yes, the outcome. "Oasis" was proclaimed the winner of a \$25 cash prize, and, showing Kiski spirit, they donated it all to the children's Hospital.

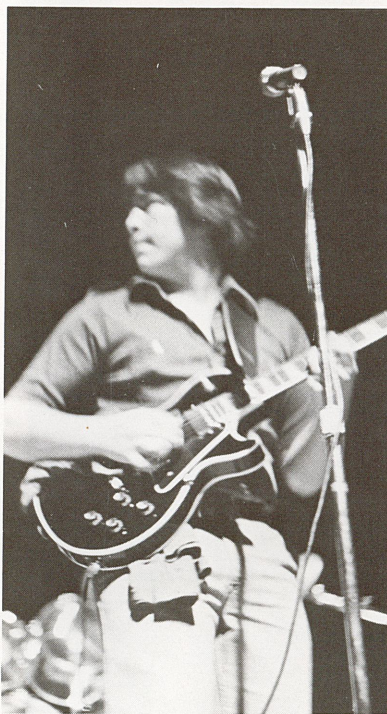

Now, are there any interesting acts in mind for next year?

CHEERLEADERS VERSUS VARSITY FOOTBALL TEAM

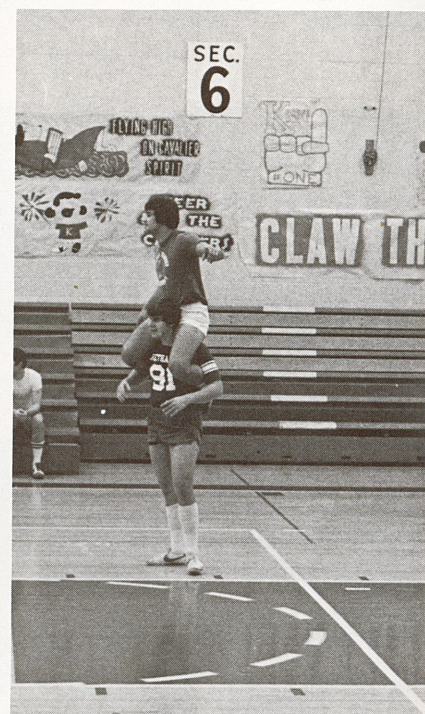

Another activity was the annual game between the varsity cheerleaders and the varsity football team, which was a real fight to the finish. The football team members were paired together, as they headed to defeat the cheerleaders. But, with a little help from everyone, the cheerleaders managed to squeeze past the football team with a score of 18-16.

Welcoming Career Day Speakers

Will the mystery guest sign in, please!

Mr. Ceraso — he made Career Day a success.

CAREER DAY

On November 18, the annual Career Day, sponsored by the guidance department, was held at Kiski. On that day, guest speakers representing a wide variety of occupations visited the school and spoke to student groups. The speakers were all very well-informed and gave presentations dealing with all aspects of their work, including opportunities, salaries, and educational requirements. As a result of this special day, students had the opportunity to discover much about prospective careers. This year, as always, Career Day was certainly a valuable experience for all.

ALMOST ANYTHING GOES

On December 22, the N.H.S. sponsored the second annual Big K "Almost Anything Goes" competition. As anyone who attended saw, almost anything went, starting with the inhibitions of spectators and competitors alike.

The events ranged from balloon and scooter races to leapfrog. When it came down to the final 'tug-off,' the "Super Seniors" emerged victorious.

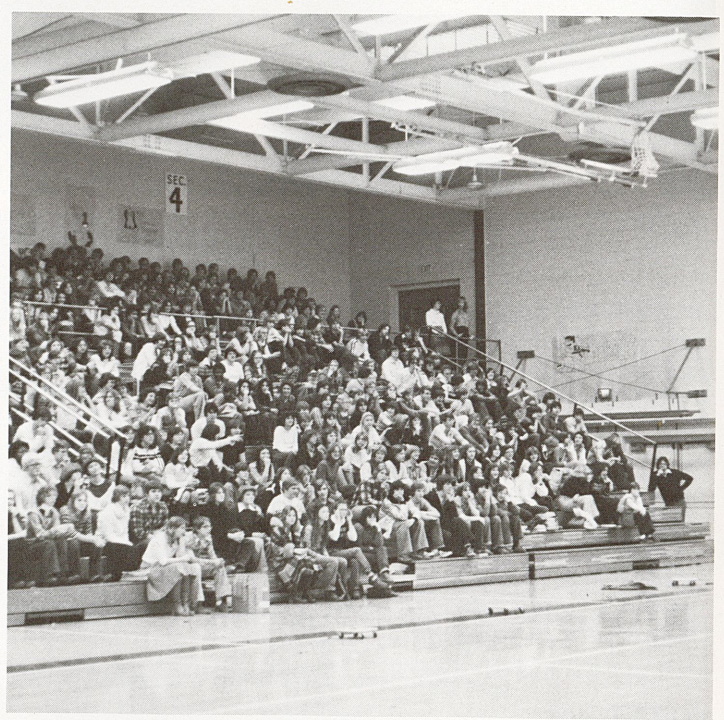

A good time was had by all, and when the final buzzer sounded, we were sure that we had proved once more that, at Kiski, almost anything goes!

OASIS CONCERT

"Oasis" is a rock group comprised of some of the most talented musicians here at Kiski. The members of this group are Mark Fal-lone, guitar; Jeff Knabb, keyboard; Chris Lessig, drums; Jim Metzgar, guitar; and Perry Pinto, a 1977 Kiski graduate, bass guitar and trom-bone. They have played in several places in the area, and, this year, during one of the activity periods, they held a concert, sponsored by the Audio-Visual Club.

As a large amount of the student body crowded into the auditori-um and the lights went down, many people felt they really were at a rock concert. The colored lights flashed, and the kids shouted for Oasis to play "Freebird." The list of songs on the program included "Jungle Love," "China Grove," "Sandman," "Another Day" (the group's very own creation), and last, but not least, "Freebird." Another attraction of the concert was seeing and hearing Jim play the electric guitar behind his back. Now THAT takes talent! And Oasis has it!

All too soon, the bell rang, the lights went on, and we proceeded to go to our first class. But, all day long, we could hear these com-ments: "Were you at the Oasis concert during activity period to-day?" and "Isn't Oasis great?"

Jim Metzgar puts feeling into it.

Getting ready for action.

A KISKIDOODLE CHRISTMAS

started with a desire to help those less fortunate, namely the children of Pittsburgh's Children's Hospital. From this simple goal, we progressed into a wide fund-raising effort, gathering more and more from students as well as hundreds of residents as it along. In fact, our spirit of goodwill became contagious and soon reached a fervor of "going all out for the cause." With all of this cooperation, Kiski Area certainly helped those unfortunate little ones. Kiski put itself on the line and endeared itself to those children by raising money, which turned out to be the largest contribution by any school district in the entire history of this tri-state area.

An original plan was outlined and approved by the school administration and school board in January of 1977, the telethon started in full force. Everyone got into the spirit of the day and almost all participated. High school clubs sponsored the Fun Fair, sold baked goods, promoted rock concerts, and staged a "Gong Show." Junior highs sold tickets, held dances, and had "Hush Days." Elementary schools sponsored talent shows and collected from door to door in town. The townspeople were represented by parents, tavern owners, fire departments — in fact, everyone imaginable!

However, the biggest project was the high school A.V. telethon at Fisher's Big Wheel in Allegheny Plaza. The event, which was held from December 19 through December 21, drew students, residents, and celebrities from the Pittsburgh area. The event was a tremendous success, contributing \$20,000 to the total amount.

For our tremendous efforts were recognized publicly when we were awarded the famous "Farkleberry Trophy" by the radio personalities, Art Pallen and Jack Bogut at a ceremony in the high school on January 25. We were all proud of what we had done so much for such a worthy cause. In the end, we gained enormous satisfaction and pride in knowing that we had realized our dream. We had given the children at Children's Hospital the best present we could.

CHRISTMAS AT KISKI

Although Alice and the Mad Hatter were not at our annual Christmas tea, it still seemed magical. For instance, the everyday attire of blue jeans was left at home as students of the Foods I and II classes got all decked out" and prepared to greet the guests — the faculty.

The weeks of preparation paid off as teachers complimented the hostesses on the delicious food. Of course, this was all made possible under the supervision of Mrs. Laugherty and Miss Titus, who oversaw the making of everything from spinach balls to miniature cheesecakes!

Above all, the Christmas Tea was one more way to put Kiski in the Christmas spirit.

The big Christmas Tea

Behind the scenes.

Getting in the Christmas spirit.

The beginning of a great door.

Isn't anyone going to show up for our party?

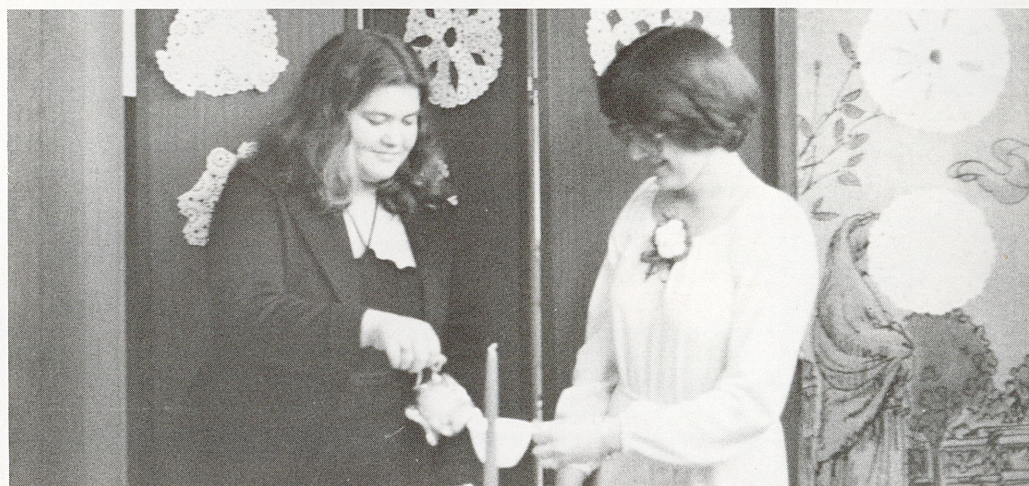

"Tis the season to be jolly" and time to decorate the homeroom doors. First, we had to get people to donate to help pay for the decorations. Then we had to buy the tinsel, paper, "and a partridge in a pear tree."

Finally, it was time to put our creative powers to use. But the snow fell and school was delayed. The lack of time didn't bother us any and we got the doors decorated. We knew that not everybody could win but this annual project gave everyone the Christmas spirit.

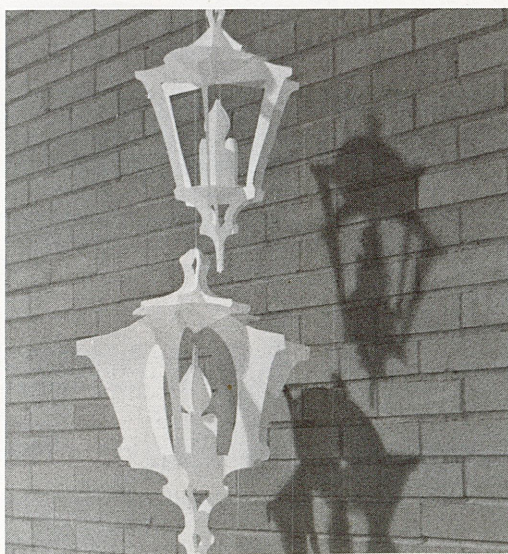

Who spiked the punch?

The hostesses at the Christmas Tea.

PSAT - NATIONAL MERIT

In November, 1976, many then-juniors took the SAT-NMSQT test here at Kiski. This test helps a student to prepare for the SAT test, and, perhaps more important, is used in selection of finalists in the National Merit Scholarship competition.

Of the many students from Kiski who took the test, only one, Donna Meyers, qualified as a semi-finalist in the competition. Six others, Sue Altmeyer, Tim Hohmann, Sahrlotte Kepple, Pam Kipp, Jim Metzgar, and Beth Schmidt, received Letters of Commendation for scoring in the top 5% in the nation.

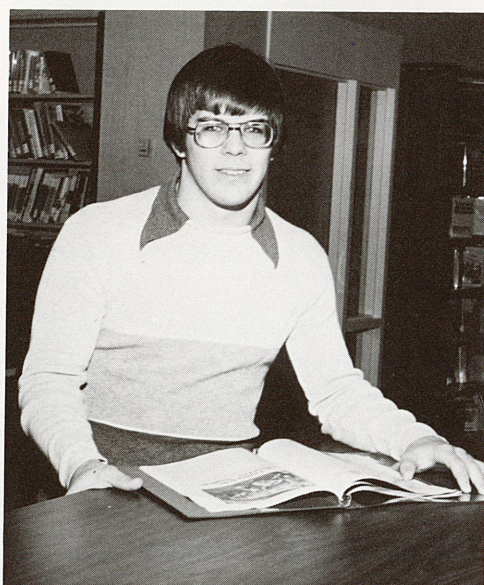

We congratulate these students and hope that they continue their fine performance in the future. We wish them much success.

ADVANCED SOPHOMORES

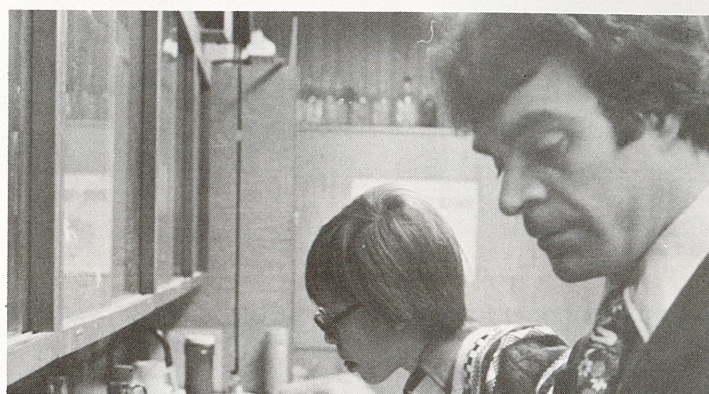

A Study in Concentration

Lori searches for the answer.

As the school year began, we found that Kiski had added a special program for gifted students. We asked what "gifted" means, and found out that at Kiski this term is used to refer to sophomores with high academic ability who have been selected to pursue in-depth studies in addition to their regular courses. This program enables these people to work independently at their option in four different subjects — social studies, English, math, and science. With Mrs. Crossan, Mrs. Scales, Mr. Iagnemma, and Mr. Varine, the gifted students will continue their independent studies, if they desire, until they graduate. The program permits freedom for students as well as teachers in pursuing academic interests in an atmosphere of challenge.

THANK YOU, KISKI!

First of all, the CAMPUS staff thanks our senior high principals — Mr. Frederick, Mr. Nicholas, and Mr. Brozovich — for their continued support and cooperation throughout the year.

Next, we also extend a very special thank you to our high school secretaries — Mrs. Winesky, Mrs. Quarato, Mrs. Wright, and Mrs. Moore — for all of their help. They took our phone messages, sorted our mail, typed stencils, recorded our financial accounts, and did numerous other things to make our job of producing a yearbook a bit easier.

In addition, we thank the many other people who helped us in such a wide variety of ways. Because there are so many aspects of producing a yearbook — making hundreds of hoagies to raise money, borrowing equipment or space to do our work, taking pictures and developing them, announcing yearbook-related events in and out of school, and constantly trying to come up with new ideas — we often needed a favor from someone. Therefore, in particular, we mention the following people and groups:

Finally, we thank the stars of this book — the students of Kiski. You posed for the pictures, bought our donuts and hoagies, listened to our announcements, and, of course, bought the books. We of the CAMPUS staff thank you for truly being "Number One!"

CLOSING

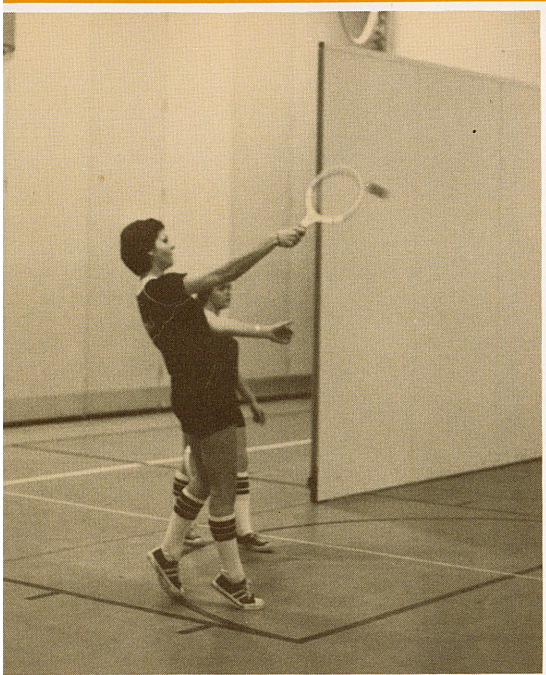

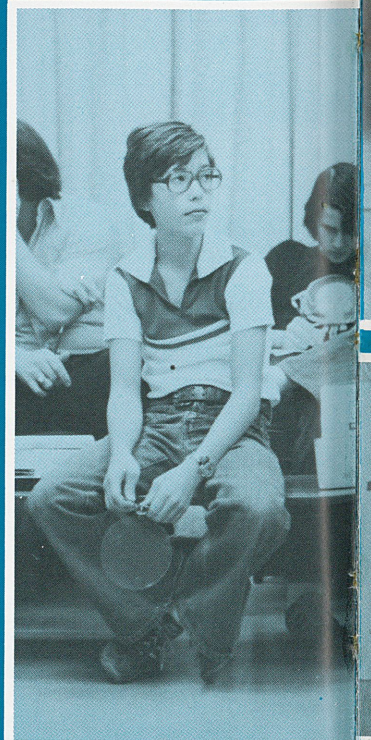

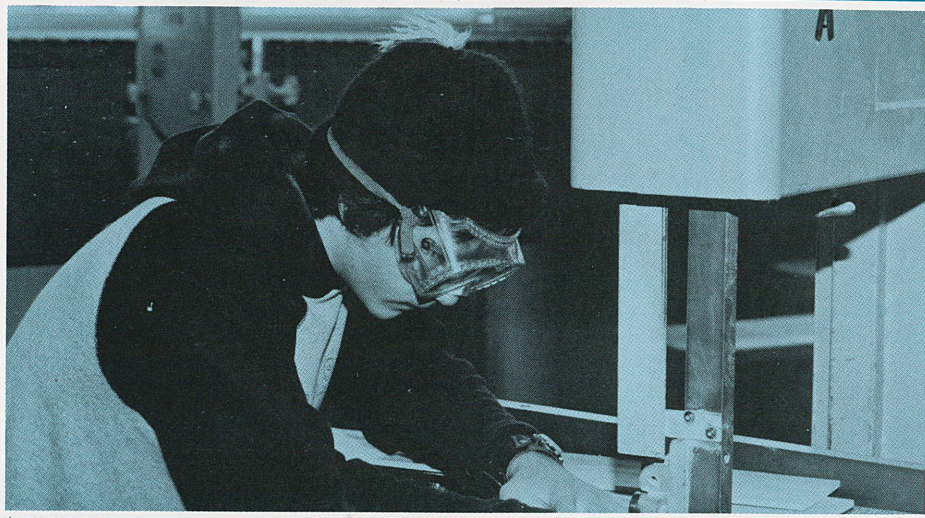

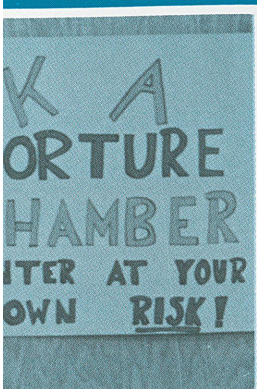

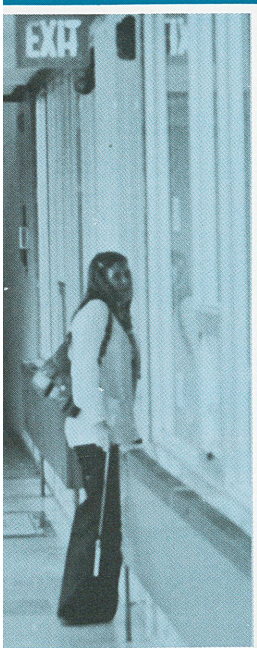

Life in the Life of a Kiski Area Student:

Searching through the halls to find your best friend to share
 an exciting happening
 Listening on the radio early and hoping for a cancellation so
 you won't have to take your economics test which you really
 don't study for
 Spending hours in the library working on your research
 paper, trying to get it done by the deadline
 Mustering up enough nerve to make the first incision in your
 leg, knowing that you'll never become a surgeon
 "Sacrificing" studying for your psychology test to show your
 cool spirit at a wrestling match
 Heading down to Winky's at half-time to get some hot
 chocolate
 Bundling in the cold snow while chattering those immortal
 words, "Five more minutes and if the bus doesn't come I'm
 leaving!"
 Crying in disappointment as the bus comes two seconds
 later you chatter the immortal words!
 Buying any kind of ticket to get out of homeroom
 Studying in study hall the day before Christmas vacation watch-
 ing the clock because you don't have anything else to do
 Deciding on your class ring; whether to get gold with a gold
 stone, or sterling silver with a blue smooth stone or any
 of the other of the 1001 combinations you can think of
 Waking up at 5:30 to wash your hair then finding out that
 school's delayed two hours
 Missing a fire drill in the middle of a test
 Preparing for your class in the "Almost Anything Goes"
 competition
 Missing "It's the Great Pumpkin, Charlie Brown" to study
 for your big geometry test
 Feeling relieved that you didn't get a deficiency report in
 science
 Never being able to understand the difference between
 endothermic and exothermic
 Realizing you had remembered your peanut butter and jelly
 sandwich as you wait in the long lunch line (why does the
 whole school have to buy lunch the day I forget mine!?)
 Heading down the halls before school starts to find your
 misty partner so you can compare answers (which usually
 can't compare)
 Searching for your class motto and flowers and knowing that
 it won't be long until graduation.

First Impressions

Summer flew by and before we realized, it was time to start school again. But everything was going to be different . . . a new school, new teachers, new friends and new everything.

After a night of sleeplessness, we boarded the bus for our first day at the "Big K!" We arrived without any major disasters except for having to sit three in a seat on the bus. The school doors flung open, we entered the hall, and we officially became "sophomores." If asking questions is a part of learning, we got highly educated that first day:

"Where's my homeroom?"

"How do you get to the library?"

"What's a ten-minute bell?"

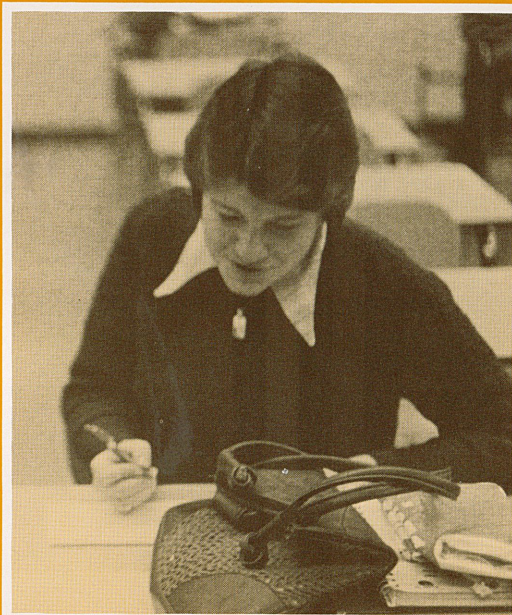

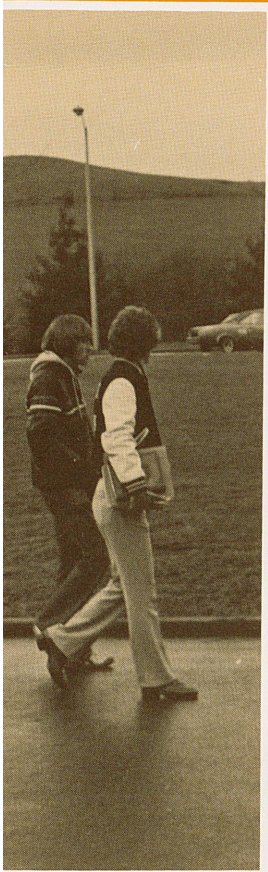

We also had many comments we shared with anyone within hearing distance:

"I can't get my locker open!"

"Some senior told me that the upper cafeteria was this way!"

Finally, it was time to go home (thank goodness). When our parents asked us how we enjoyed school, many of us said we liked it, many of us swore we would never go again, and many of us quietly went to our bedrooms with headaches. But we finally realized that in just two short years we'll be the graduating class of '80.

Timebomb

Feel like a timebomb
 waking around.
 Like a routine robot
 that functions by sound.
 Bells ring, tell me when
 i come and
 i go.
 Teachers stand and tell me
 how little i know.
 So much to learn
 so little time;
 Preparing for life
 Don't get behind.
 Take down notes,
 Make it look good;
 Just keep your eyes open:
 Do as you should.
 Tension is mounting
 need to unwind;
 Gotta sort out the
 things I've got on my mind.
 Timebomb, Timebomb
 how long will i last?
 Look for the future
 learn from the past.
 I wonder how long i can carry
 the load!
 Timebomb, Timebomb about to explode.

EXPECTATION

Finally, another year has ended and there is only one more left!

As this year's juniors, we were big enough to look down on the sophomores, but we still had to respect the seniors (at least to their faces).

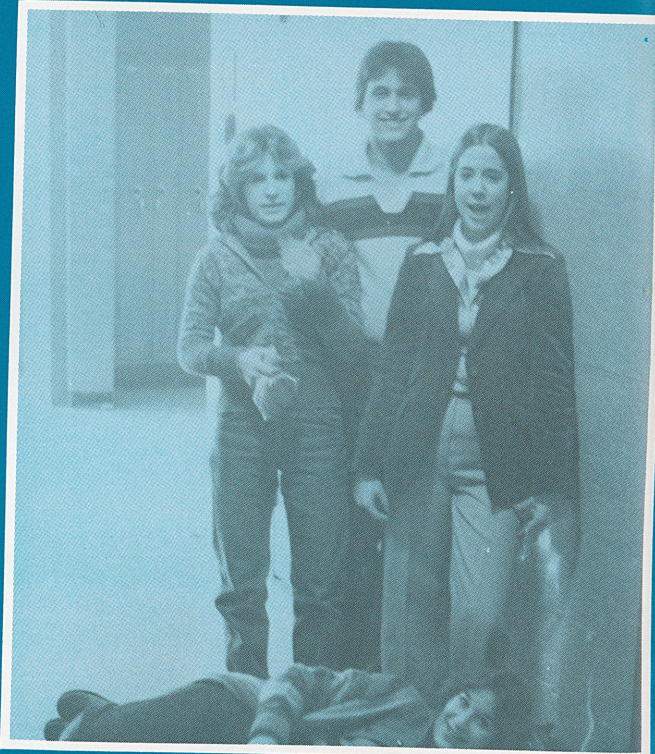

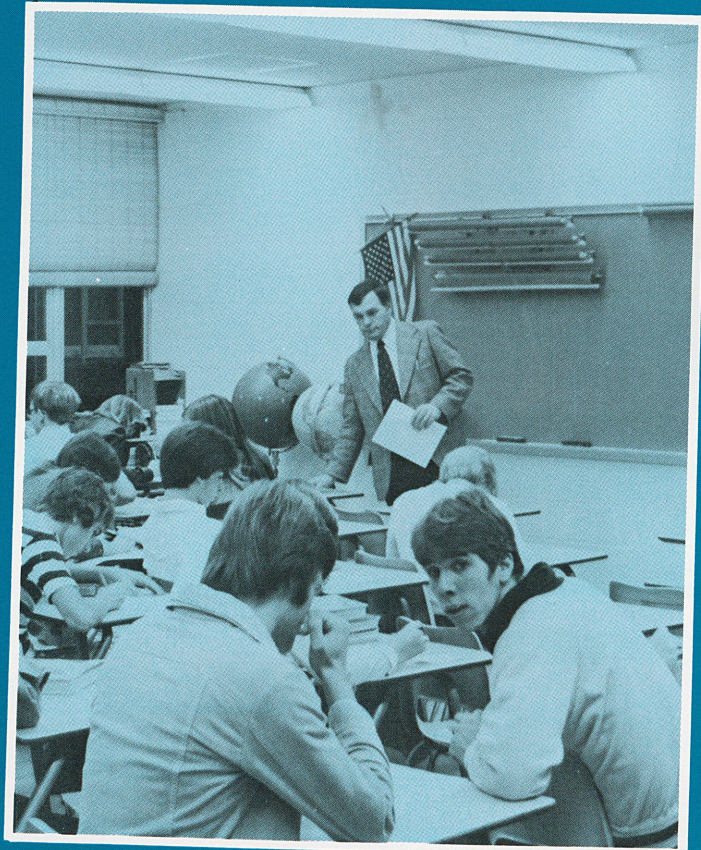

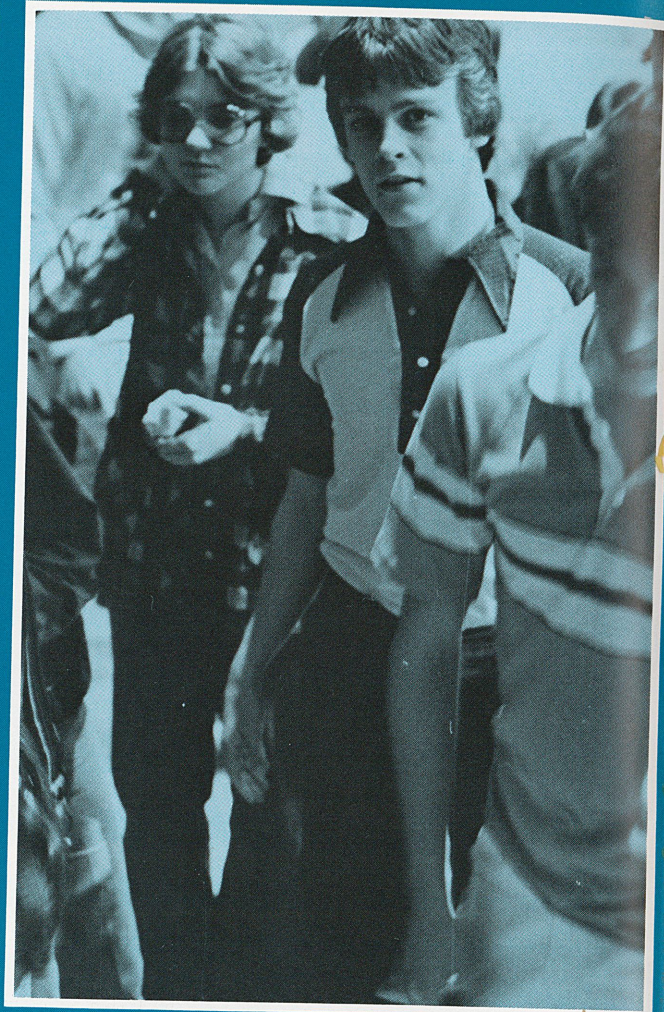

We awaited the arrival of our class rings and showed them off to everyone once we got them.

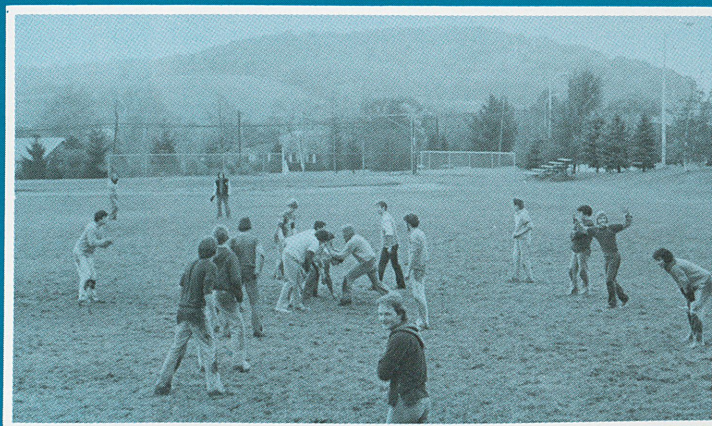

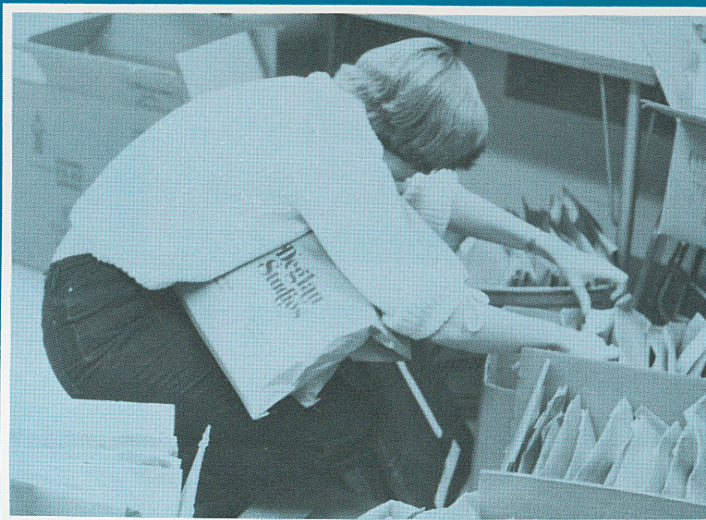

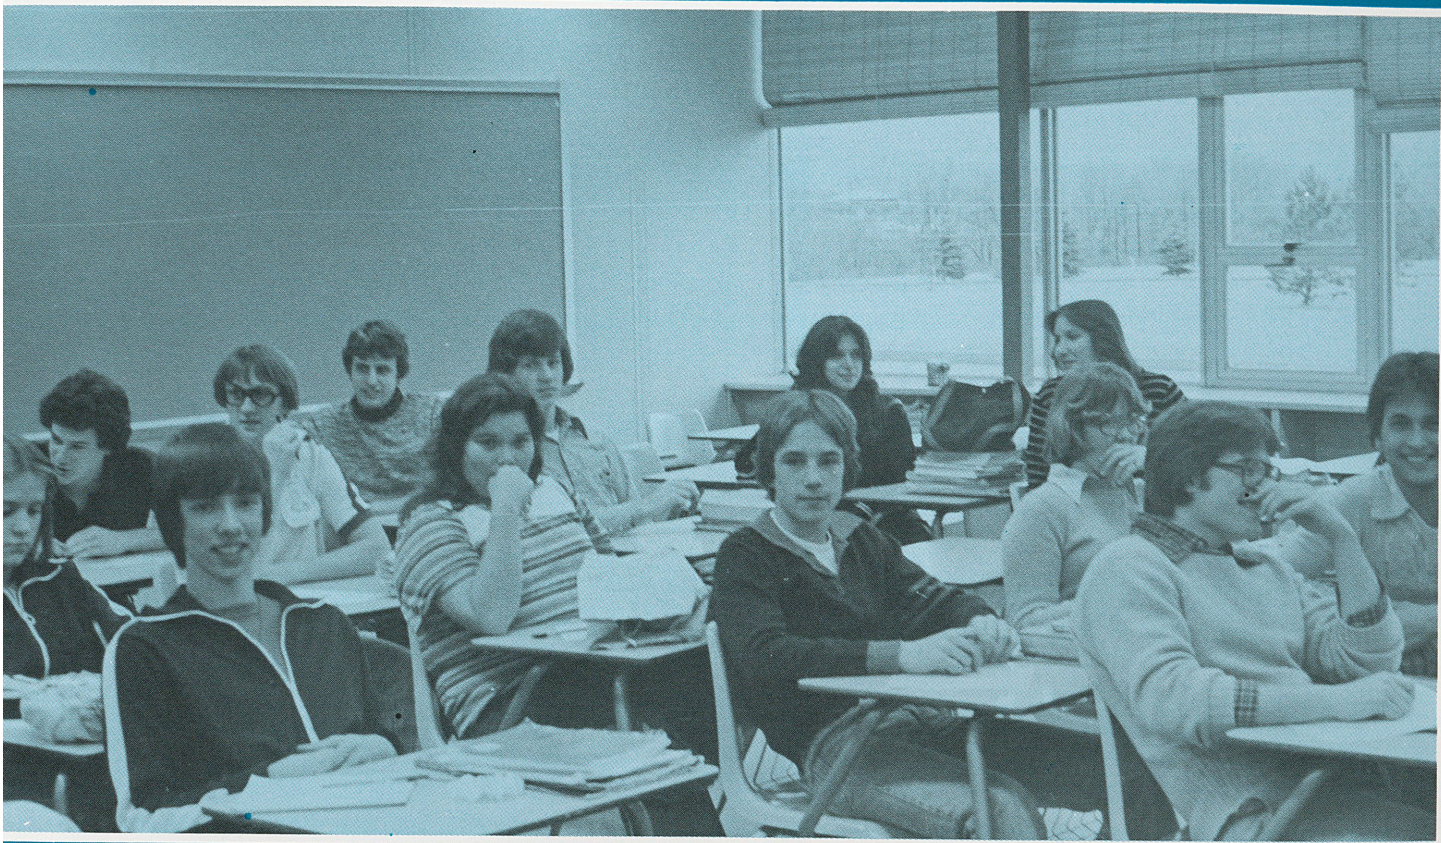

One of our biggest joys was selling delicious candy — twelve rolls of it!

Before we knew it, OUR senior pictures were being taken, and everyone was admiring our proofs.

Knowing the seniors were leaving scared us as we realized that next year would be our turn to "keep things under control." We must now prepare to meet the challenges that await us next year

Memories

Memories will slowly fall,
Like paper roses on the wall.

Moving pictures in your mind,
Slowly still given time.

Misty scenes taking place,
By shadowy figures lost in space.

A lonely breeze begins to blow
Turning the pages of long ago.

Secret things you never told
Remain in darkness growing old.

Many times you laughed and cried,
Those feelings that you couldn't hide.

Away beneath your pool of thought
Remain the dreams most have sought.

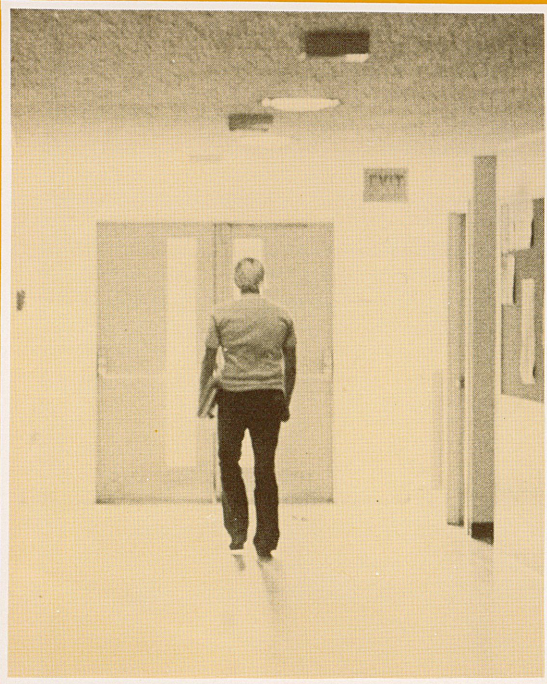

Times of joy, times of sorrow,
Will all be gone by tomorrow.

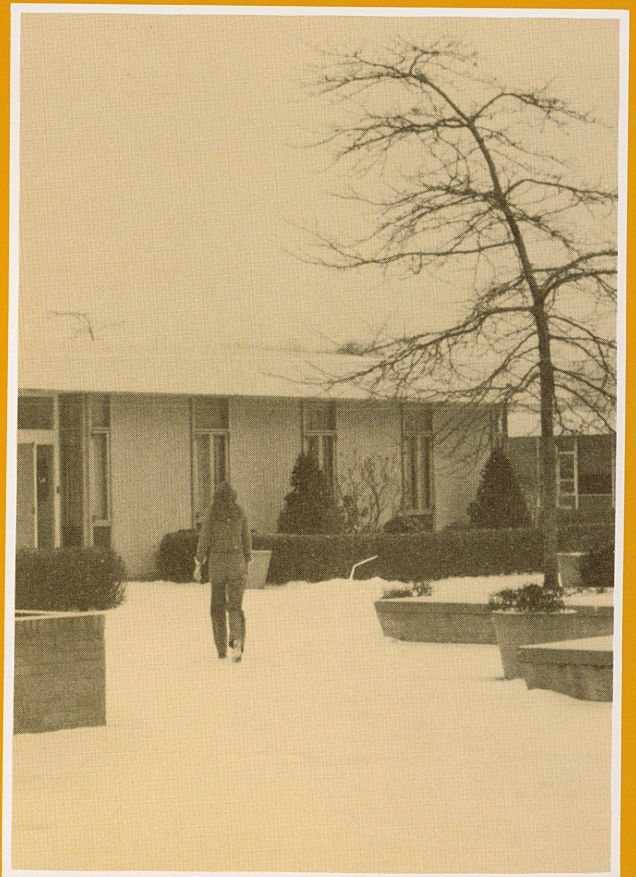

Don't remember, but can't forget
Those things in life that you regret.

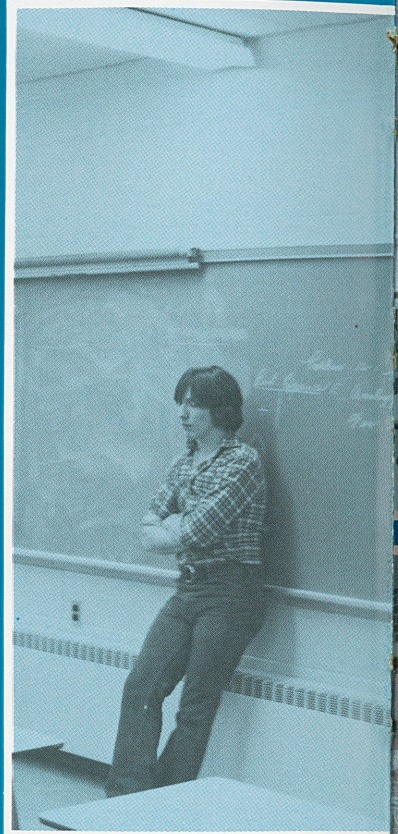

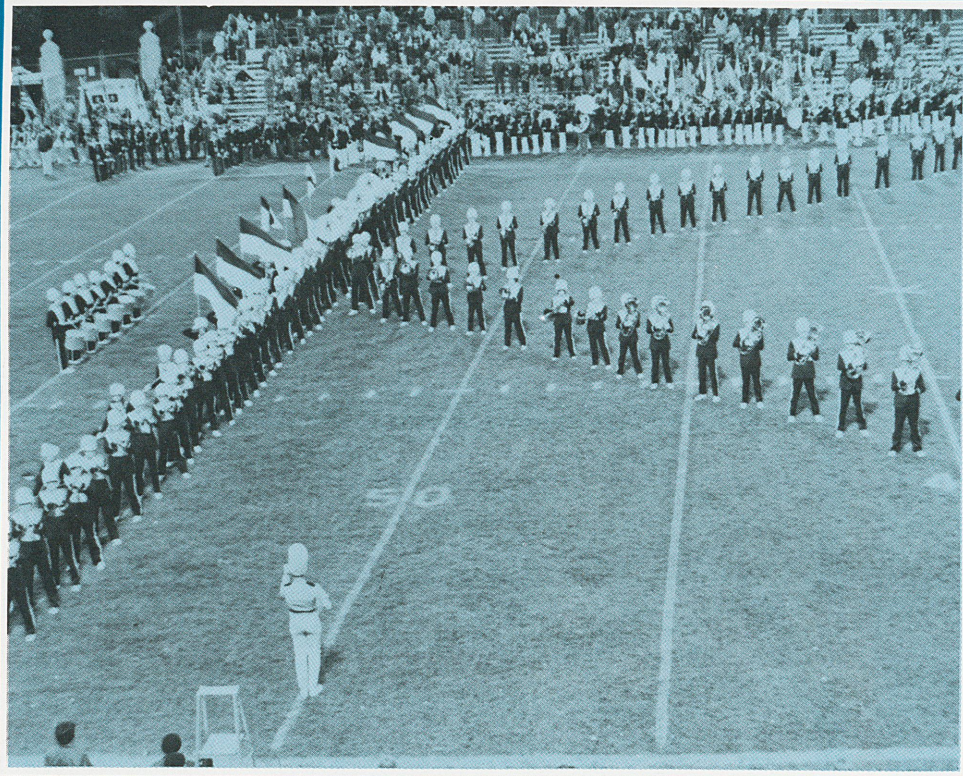

Voices linger, names will fade;
Faces wait within the shade.

Slowly memories wilt away
Making room for today.

ONLY A MEMORY

As I walk down the hall today,
I see so many familiar faces.
Faces of people who form my past.

And yet, as I glance around me
and quickly walk by;
I feel a silent hurt
for times that will never return . . .

. . . Like the times we crammed for a test
and then didn't have it . . .
or all those times we borrowed money
from each other for lunch.

But most of all the many times
we've talked about "the good old days"
when it was a big deal to chew gum . . .
. . . and not get caught;

And trying to explain to a teacher
why you're at your locker
when you have a restroom pass.

Someday we'll look back
on these "good old days"
and with misty eyes we'll think,
"Gee, I wonder what ever happened to
so-and-so," and, "I hope that guy
in homeroom who was always reading
made it through college."

Yeah, someday we'll look back and think,
"It wasn't really so bad . . .
. . . getting up at 6:30 every morning."

So many people, so many things to remember,
and so many good times.
Soon, it will all be a memory . . .

So, with a tear in my eye,
and the excitement of a new beginning
in my smile, I leave now.

But as I leave, I leave with pride,
and a feeling of achievement for all
those classmates, friends, and teachers
I leave behind.

And as I start my new life,
I will always have a place in my heart
for my high school days,
and MY place at Kiski.

Graduation

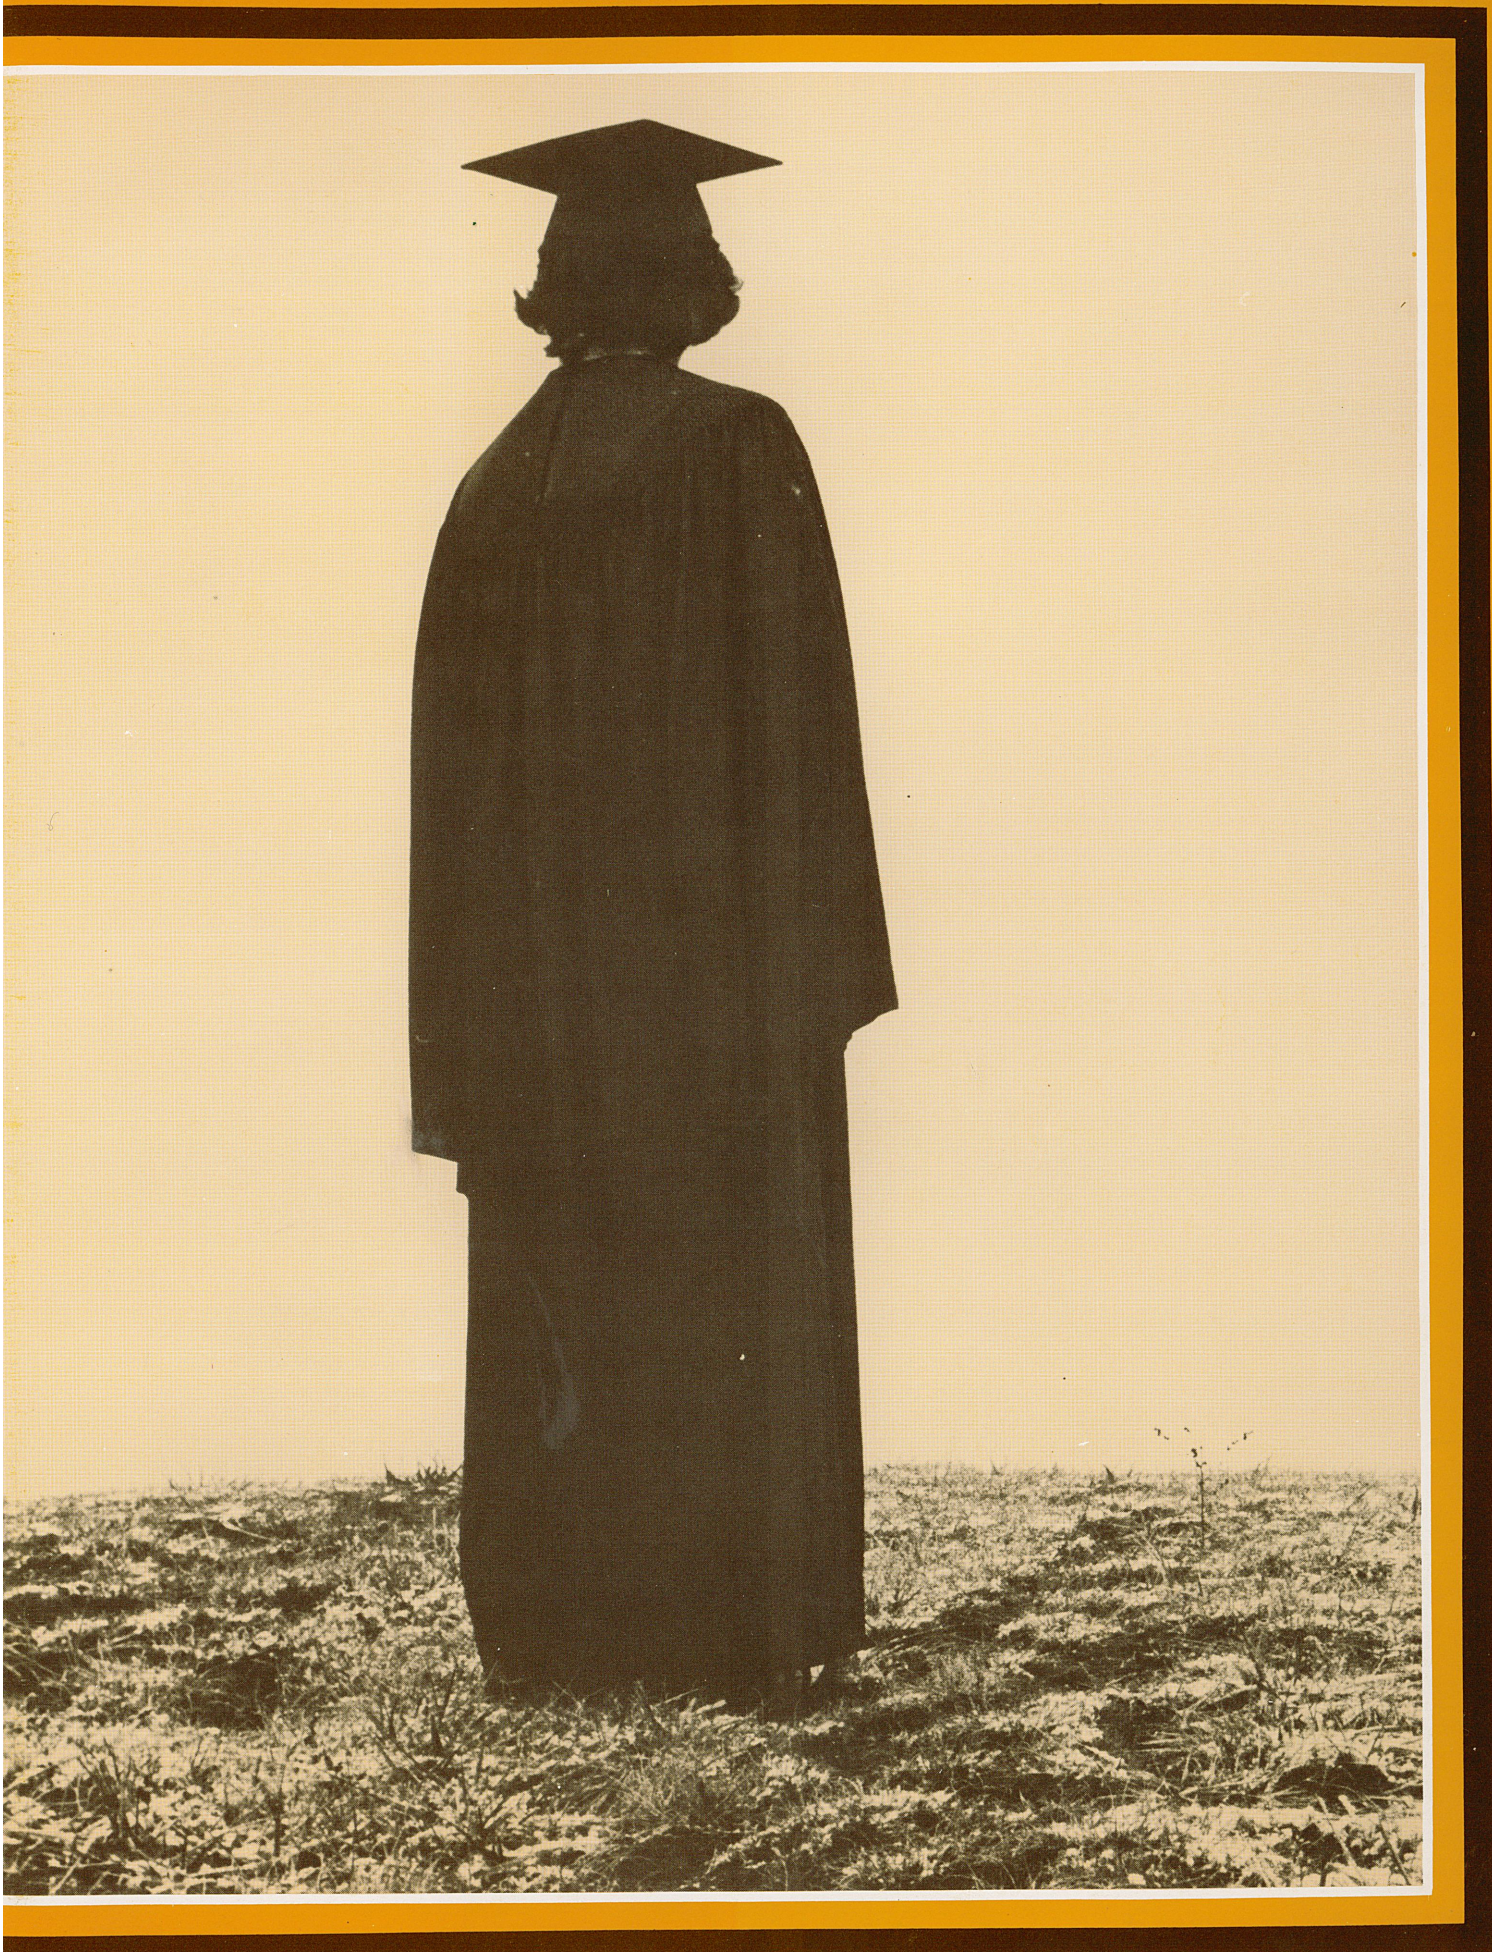

"This isn't the end, it's a beginning,"
I pray that the saying is true
for I dread leaving familiar things
and beginning my life anew.

"This isn't the end, it's a beginning,"
I say to my departing friends
feeling the tears rising in my eyes —
some I will never see again.

"This isn't the end, it's a beginning,"
and there are so many days to live.
I feel happy inside because I'm young
and I still have myself to give.

"This isn't the end, it's a beginning"
of a new life for you and I.
The future looks golden with promise
even now as I stand and cry.
